**PROSPECTUS
OF
SMITH & WILLIAMSON FUNDS**

This document constitutes the Prospectus for Smith & Williamson Funds (the “Company”) which has been prepared in accordance with the terms of the rules contained in the Collective Investment Schemes Sourcebook (the “FCA Regulations”) published by the FCA as part of their Handbook of rules made under the Financial Services and Markets Act 2000 (the “Act”).

The Prospectus is dated and is valid as at 27 December 2018. Copies of this Prospectus have been sent to the FCA and the Depositary.

If you are in any doubt about the contents of this Prospectus you should consult your professional adviser.

This Prospectus has been prepared solely for, and is being made available to investors for the purposes of evaluating an investment in Shares in the Sub-funds. Investors should only consider investing in the Sub-funds if they understand the risks involved including the risk of losing all capital invested.

The Prospectus is based on information, law and practice at the date hereof. The Company is not bound by any out of date prospectus when it has issued a new prospectus and potential investors should check that they have the most recently published prospectus.

Smith & Williamson Fund Administration Limited, the ACD of the Company, is the person responsible for the information contained in this Prospectus. To the best of its knowledge and belief (having taken all reasonable care to ensure that such is the case) the information contained herein does not contain any untrue or misleading statement or omit any matters required by the FCA Regulations to be included in it.

The Depositary is not a person responsible for the information contained in this Prospectus and accordingly does not accept any responsibility therefore under the FCA Regulations or otherwise.

All communications in relation to this Prospectus shall be in English.

1 DEFINITIONS

“Accumulation Share”	Net paying shares, denominated in base currency, in the Company as may be in issue from time to time in respect of which income allocated thereto is credited periodically to capital pursuant to the FCA Rules;
“ACD”	Smith & Williamson Fund Administration Limited, the Authorised Corporate Director of the Company from time to time;
“Act”	Financial Services and Markets Act 2000, as amended;
“Approved Derivative”	An approved derivative is one which is traded or dealt on an eligible derivatives market and any transaction in such a derivative must be effected on or under the rules of the market;
“Business Day”	A day on which the London Stock Exchange is open. If the London Stock Exchange is closed as a result of a holiday or for any other reason, or there is a holiday elsewhere or other reason which impedes the calculation of the fair market value of the Company’s portfolio of securities or a significant portion thereof, the ACD may decide that any business day shall not be construed as such;
“Company”	Smith & Williamson Funds, a UK authorised open-ended investment company;
“Client Money”	Any money that a firm receives from or holds for, or on behalf of, a shareholder in the course of, or in connection with, its business unless otherwise specified;
“Dealing Day”	Any day which is a Business Day;
“Depository”	NatWest Trustee & Depository Services Limited, the depository of the Company;

“Efficient Portfolio Management”	An investment technique where derivatives are used for one or more of the following purposes: reduction of risk, reduction of cost or generation of additional capital or income with an acceptably low level of risk;
“EMT”	European MiFID Template;
“FCA”	The Financial Conduct Authority or such successor regulator authority as may be appointed from time to time, and (where applicable) its predecessors including the Financial Services Authority;
“FCA Regulations”	The rules contained in the Collective Investment Schemes Sourcebook (COLL), and the Investment Funds Sourcebook (FUND), as part of the FCA Rules as they may be amended or updated from time to time;
“FCA Rules”	The FCA’s Handbook of Rules and Guidance (including the COLL Sourcebook);
“Hedging”	The use of derivative transactions (which the ACD reasonably believes to be economically appropriate and to be fully covered) to reduce risk and cost to the Company and to generate additional capital or income with no, or with an acceptably low level of, risk;
“Income Share”	Net paying shares, denominated in base currency and which have an initial subscription level of £100,000 or such other amount decided by the ACD and stated in this Prospectus, in the Company as may be in issue from time to time in respect of which income allocated thereto is distributed periodically to the holders thereof pursuant to the FCA Rules net of any tax deducted or accounted for by the Company;
“Investment Manager”	Smith & Williamson Investment Management LLP and AGF Investments

	Inc., the Investment Managers of the Company;
“Investment Trust”	Close-ended investment trust companies;
“MiFID II”	Markets in Financial Instruments Directive, effective from 3 January 2018;
“Net Asset Value” or “NAV”	The value of the Scheme Property of the Company (or of any Sub-fund as the context requires) less the liabilities of the Company (or of the Sub-fund concerned) as calculated in accordance with the Company’s Instrument of Incorporation;
“OEIC Regulations”	The Open-Ended Investment Companies Regulations 2001, as amended;
“Ongoing charges figure (OCF)”	<p>The annual percentage reduction in investor returns that would result from largely fixed operating costs if the markets were to remain flat and a fund’s portfolios were to be held and not traded during a period.</p> <p>This is based on the Net Asset Value of a Sub-fund. The OCF shows the annual operating expenses of the scheme, but does not include any initial charge or transaction expenses;</p>
“Ongoing charges figure (estimated)”	Where there is not enough historic data available, or when historic data will not provide a reliable indication of future costs, an estimated ongoing charges figure will be calculated based on the most reliable information available;
“Recognised Market”	Eligible markets, which are regulated markets or markets established in an EEA State which are regulated, operate regularly and are open to the public; and markets which the ACD, after consultation with the Depositary, has decided are appropriate for the purpose of investment of or dealing in the property of the Company having regard to the relevant criteria in the FCA Regulations and guidance from the FCA. Such markets must operate regularly, be regulated, recognised,

	open to the public, adequately liquid and have arrangements for unimpeded transmission of income and capital to or to the order of the investors;
“Regulated Activities Order”	The Financial Services and Markets Act 2000 (Regulated Activities Order) 2001 (SI 2001/544), as amended;
“Scheme Property”	The property of the Company entrusted to the Depositary for safe-keeping, as required by the FCA Regulations;
“Share Class”	In relation to shares, means (according to the context) a particular class or classes of share as described in Section 4;
“Split Capital Investment Trust”	Close-ended investment trust companies investing in equities and other assets, whose shares are principally listed in on any Recognised Market in the United Kingdom, in which shareholders may hold shares benefiting from either capital growth or income returns;
“Sub-fund” or “Sub-funds”	A sub-fund of the Company (bearing part of the Scheme Property of the Company which is pooled separately) and to which specific assets and liabilities of the Company may be allocated and which is invested in accordance with the investment objective applicable to that sub-fund;
“Valuation Point”	The point on a Dealing Day whether on a periodic basis or for a particular valuation, at which the ACD carries out a valuation of the Scheme Property for the Company for the purpose of determining the price at which shares of a class may be issued, cancelled or redeemed. The current Valuation Point is 12.00 p.m. London time on each Dealing Day, with the exception of any bank holiday in England and Wales or the last business day prior to those days annually, where the valuation may be carried out at a time agreed in advance between the ACD and the Depositary;

“Zeros”

Zero dividend preference shares
issued by Split Capital Investment
Trusts.

2 THE COMPANY

Smith & Williamson Funds is an open-ended investment company with variable capital, incorporated in England and Wales on 7 April 2004 under registered number IC000315 and authorised with effect from 7 April 2004.

The Head Office of the Company is at 25 Moorgate, London EC2R 6AY and is also the address of the place in the United Kingdom for service on the Company of notices or other documents required or authorised to be served on it.

The base currency of the Company is pounds sterling or such other currency as may be the lawful currency of the UK from time to time.

The maximum share capital of the Company is currently £10,000,000,000 and the minimum is £100. Shares in the Company have no par value and therefore the share capital of the Company at all times equals the Company's current Net Asset Value.

Information on the typical investor profile for each Sub-fund is set out in Appendix 8.

Shareholders in the Company are not liable for the debts of the Company.

The Company has been established as a UCITS scheme and an Umbrella Company (under the OEIC Regulations) and therefore different Sub-funds may be formed by the ACD, subject to approval from the FCA. On the establishment of a new Sub-fund or Share Class, an updated prospectus will be prepared setting out the relevant information concerning the new Sub-fund. Each Sub-fund would belong to the type of UCITS scheme if it were itself an open-ended investment company in respect of which an authorisation order made by the FCA were in force. The Company qualifies as an "Undertaking for Collective Investment in Transferable Securities" ("UCITS") within the meaning of an EEC Directive on that subject of 1985 (85/611/EEC) as subsequently amended by Directive 2009/65/EC of 13 July 2009.

FCA Product Reference Number: 231811. Approval by the FCA in this context refers only to approval under the OEIC Regulations 2001 (as amended) and does not in any way indicate or suggest endorsement or approval of the Sub-funds as an investment.

3 COMPANY STRUCTURE

As explained above the Company is a UCITS scheme and an Umbrella Company for the purposes of the OEIC Regulations. The assets of each Sub-fund are treated as separate from those of every other Sub-fund and will be invested in accordance with that Sub-fund's own investment objective and policy. It is not intended that the Company will have an interest in any immovable or tangible movable property.

Details of the Sub-funds, including their investment objectives and policies are set out in Appendix 1.

Each Sub-fund is a UCITS scheme.

Each Sub-fund has a specific portfolio of assets and investments, and its own liabilities, and investors should view each Sub-fund as a separate investment entity.

The Sub-funds are segregated portfolios of assets and, accordingly, the assets of a Sub-fund belong exclusively to that Sub-fund and shall not be used or made available to discharge (directly or indirectly) the liabilities of, or claims against, any other person or body, including the Company and any other Sub-fund and shall not be available for any such purpose. While the provisions of the OEIC Regulations provide for segregated liability between sub-funds, the concept of segregated liability is relatively new. Accordingly, where claims are brought by local creditors in foreign courts or under foreign law contracts, it is not yet known how those foreign courts will react to regulations 11A and 11B of the OEIC Regulations.

Each Sub-fund will be charged with the liabilities, expenses, costs and charges of the Company attributable to that Sub-fund.

Any assets, liabilities, expenses, costs or charges not attributable to a particular Sub-fund may be allocated by the ACD in a manner which is fair to shareholders as a whole but they will normally be allocated to all Sub-funds pro rata to the value of the net assets of the relevant Sub-funds.

4 SHARES

The Share Classes presently available for each Sub-fund are set out in the details of each Sub-fund in Appendix 1. Further Share Classes may be made available in due course, as the ACD may decide.

The minimum initial investment for each Share Class is set out in Appendix 1.

These limits may be waived at the discretion of the ACD.

The Company may issue Income Shares and Accumulation Shares. Income Shares are entitled to receive distributions of income periodically. Such distributions will be paid by cheque unless the ACD and the shareholder agree otherwise. Accumulation Shares are entitled to have income allocated thereto credited periodically to capital pursuant to the FCA Rules.

When available, shareholders are entitled (subject to certain restrictions) to switch all or part of their shares in one Sub-fund for shares in a different Sub-fund. Details of this switching facility and the restrictions are set out in Section 11.3.

5 MANAGEMENT AND ADMINISTRATION

5.1 Authorised Corporate Director

The Authorised Corporate Director of the Company is Smith & Williamson Fund Administration Limited which is a private company limited by shares incorporated in England and Wales under the Companies Act 1985. The ACD was incorporated on 30 July 1985 (Registered Company No 1934644).

Registered Office and Head Office:

25 Moorgate
London
EC2R 6AY

Share Capital: Issued and paid up 50,000 Ordinary £1 shares

The Directors of the ACD are set out in Appendix 7.

The ACD is responsible for managing and administering the Company's affairs in compliance with the FCA Regulations.

As at the date of this Prospectus, the ACD acts as manager or authorised corporate director of the authorised funds set out in Appendix 9.

5.2 Terms of Appointment

The ACD was appointed with effect from 30 September 2004 by an agreement between the Company and the ACD (the "ACD Agreement"). The ACD Agreement provides that the appointment of the ACD is for an initial period of two years and thereafter may be terminated upon 12 months' written notice by either the ACD or the Company, although in certain circumstances the ACD Agreement may be terminated forthwith by notice in writing by the ACD to the Company or the Depositary, or by the Depositary or the Company to the ACD. Termination cannot take effect until the FCA has approved the appointment of another authorised corporate director in place of the retiring ACD.

Upon termination of the ACD Agreement and the appointment of another ACD (the New ACD), the ACD may transfer any sums being held as client money to the New ACD, who will continue to hold the money in accordance with FCA client money rules.

The Shareholder will be given the opportunity, upon request, to have the proceeds returned by submitting a written request to the Transfer Agency team at 206 St Vincent Street, Glasgow, G2 5SG.

The ACD is entitled to its pro rata fees and expenses to the date of termination and any additional expenses necessarily realised in settling or realising any outstanding obligations. No compensation for loss of office is provided for in the ACD Agreement. The ACD Agreement provides indemnities to the ACD other than for matters arising by reason of its negligence, default, breach of duty or breach of trust in the performance of its duties and obligations. Copies of the ACD Agreement are available on request.

The ACD is under no obligation to account to the Depositary or the Shareholders for any profit it makes on the issue or re-issue of shares or cancellation of shares which it has redeemed. The fees to which the ACD is entitled are set out in Sections 27 and 28.

The main business activities of the ACD are;

- (a) acting as an authorised corporate director;

- (b) acting as an authorised fund manager; and
- (c) fund administration.

6 THE DEPOSITARY

NatWest Trustee & Depositary Services Limited is the Depositary of the Fund.

The Depositary is incorporated in England as a private limited company. Its registered and head office is at 250 Bishopsgate, London EC2M 4AA. The ultimate holding company of the Depositary is the Royal Bank of Scotland Group plc, which is incorporated in Scotland. The principal business activity of the Depositary is the provision of trustee and depositary services.

6.1 Duties of the Depositary

The Depositary is responsible for the safekeeping of scheme property, monitoring the cash flows of the Fund, and must ensure that certain processes carried out by the ACD are performed in accordance with the applicable rules and scheme documents.

6.2 Conflicts of interest

The Depositary may act as the depositary of other open-ended investment companies and as trustee or custodian of other collective investment schemes.

It is possible that the Depositary and/or its delegates and sub-delegates may in the course of its or their business be involved in other financial and professional activities which may on occasion have potential conflicts of interest with the UCITS or a particular Sub-fund and/or other funds managed by the ACD or other funds for which the Depositary acts as the depositary, trustee or custodian. The Depositary will, however, have regard in such event to its obligations under the Depositary Agreement and the Regulations and, in particular, will use reasonable endeavours to ensure that the performance of its duties will not be impaired by any such involvement it may have and that any conflicts which may arise will be resolved fairly and in the best interests of Shareholders collectively so far as practicable, having regard to its obligations to other clients.

The Depositary operates independently from the Company, Shareholders, the ACD and its associated suppliers and the Custodian. As such, the Depositary does not anticipate any conflicts of interest with any of the aforementioned parties.

6.3 Delegation of Safekeeping Functions

The Depositary is permitted to delegate (and authorise its delegate to sub-delegate) the safekeeping of Scheme Property.

The Depositary has delegated safekeeping of the Scheme Property to The Bank of New York Mellon, London Branch (BNYM LB) (“the Custodian”) for Smith & Williamson Oriental Growth Fund and to RBC Investor Services Trust, UK Branch for the remaining Sub-funds (“the Custodian”). In turn, the Custodians have delegated the custody of assets in certain markets in which the Fund may invest

to various sub-delegates (“sub-custodians”). A list of sub-custodians is available from the ACD on request.

6.4 Updated Information

Up-to-date information regarding the Depositary, its duties, its conflicts of interest and the delegation of its safekeeping functions will be made available to shareholders on request.

6.5 Terms of Appointment

The Depositary was appointed under a Depositary Agreement between the ACD, the Company and the Depositary (the “Depositary Agreement”). Under the Depositary Agreement, the Depositary is free to render similar services to others and the Depositary, the Company and the ACD are subject to a duty not to disclose confidential information.

The powers, duties, rights and obligations of the Depositary, the Company and the ACD under the Depositary Agreement shall, to the extent of any conflict, be overridden by the FCA Rules.

Under the Depositary Agreement the Depositary will be liable to the Company for any loss of Financial Instruments held in Custody or for any liabilities incurred by the Company as a result of the Depositary’s negligent or intentional failure to fulfil its obligations.

However, the Depositary Agreement excludes the Depositary from any liability except in the case of fraud, wilful default, negligence or failure to exercise due care and diligence in the performance or non-performance of its obligations.

It also provides that the Depositary will be entitled to be indemnified from the Scheme Property for any loss suffered in the performance or non-performance of its obligations except in the case of fraud, wilful default, negligence or failure to exercise due care and diligence on its part.

The Depositary Agreement may be terminated on three months’ notice by the Company or the Depositary or earlier on certain breaches or the insolvency of a party. However, termination of the Depositary Agreement will not take effect, nor may the Depositary retire voluntarily, until the appointment of a new Depositary.

Details of the fees payable to the Depositary are given in Section 28.

7 THE INVESTMENT MANAGERS

7.1 For the Smith & Williamson MM Global Investment Fund and Smith & Williamson Oriental Growth Fund

The ACD has appointed Smith & Williamson Investment Management LLP to provide investment management and related advisory services to the ACD. The Investment Manager has the authority to make investment decisions on behalf of the Company and the ACD (in so far as they relate to the Sub-funds to which it has been appointed Investment Manager). The Investment Manager is part of the same corporate group as the ACD.

7.1.1 Terms of Appointment

The Investment Manager was appointed by an agreement between the ACD and Smith & Williamson Investment Management LLP pursuant to an Investment Management agreement (“the Investment Management Agreement”).

The Investment Management Agreement may be terminated on three months written notice by the Investment Manager or with immediate effect by the ACD. Notwithstanding this, the ACD may terminate the Investment Management Agreement with immediate effect if that is in the interests of the Shareholders.

Under the Investment Management Agreement, the ACD provides indemnities to the Investment Manager, (except in the case of any matter arising as a direct result of its fraud, negligence, default or bad faith). The ACD may be entitled under the indemnities in the ACD Agreement to recover from the Company amounts paid by the ACD under the indemnities in the Investment Management Agreement.

The registered office of the Investment Manager is at 25 Moorgate, London EC2R 6AY.

The principal activity of the Investment Manager is acting as investment manager.

The Investment Manager is authorised and regulated by the FCA of 25 The North Colonnade, Canary Wharf, London E14 5HS to carry on investment business in the UK.

The fees and expenses of the Investment Manager (plus VAT if appropriate) will be paid by the ACD out of its remuneration under the ACD Agreement.

7.2 For the Smith & Williamson Global Gold & Resources Fund

The ACD has appointed AGF Investments Inc. to provide investment management and related advisory services to the ACD. The Investment Manager has the authority to make investment decisions on behalf of the Company and the ACD (in so far as they relate to the Sub-fund to which it has been appointed Investment Manager). The Investment Manager is a subsidiary of AGF Management Limited, which holds shares in Smith & Williamson Holdings Limited, the ultimate holding company of the ACD.

7.2.1 Terms of Appointment

The Investment Manager was appointed by an agreement between the ACD and the Investment Manager (the “Investment Management Agreement”).

The Investment Management Agreement may be terminated on one month’s written notice by the Investment Manager or by the ACD. Notwithstanding this, the ACD may terminate the Investment Management Agreement with immediate effect if that is in the best interests of the Shareholders.

Under the Investment Management Agreement, the ACD provides indemnities to the Investment Manager, (except in the case of any matter arising as a direct

result of its fraud, negligence, wilful default or material breach of the Investment Management Agreement). The ACD may be entitled under the indemnities in the ACD Agreement to recover from the Company amounts paid by the ACD under the indemnities in the Investment Management Agreement.

The registered office of the Investment Manager is at 66 Wellington Street, Suite 3100, Toronto Dominion Tower, Toronto, Ontario, M5K 1E9, Canada. The principal activity of the Investment Manager is acting as investment manager.

The Investment Manager is not authorised by the FCA but is authorised and regulated by the Ontario Securities Commission.

The fees and expenses of the Investment Manager (plus VAT thereon if applicable) will be paid by the ACD out of its remuneration under the ACD Agreement.

Copies of the Investment Managers' execution policies and voting policies are available from the ACD on request.

7.3 Terms of Appointment

The Investment Manager was appointed by an agreement between the ACD and the Investment Manager (the "Investment Management Agreement").

The Investment Management Agreement may be terminated on one month's written notice by the Investment Manager or by the ACD. Notwithstanding this, the ACD may terminate the Investment Management Agreement with immediate effect if that is in the best interests of the Shareholders.

Under the Investment Management Agreement, the ACD provides indemnities to the Investment Manager, (except in the case of any matter arising as a direct result of its fraud, negligence, wilful default or material breach of the Investment Management Agreement). The ACD may be entitled under the indemnities in the ACD Agreement to recover from the Company amounts paid by the ACD under the indemnities in the Investment Management Agreement.

The registered office of the Investment Manager is at 34 Molesworth Street Dublin 2 Ireland. The principal activity of the Investment Manager is acting as investment manager.

The Investment Manager is not authorised by the FCA but is authorised and regulated by the Central Bank of Ireland, with authorised number C46579.

The fees and expenses of the Investment Manager (plus VAT thereon if applicable) will be paid by the ACD out of its remuneration under the ACD Agreement.

Copies of the Investment Managers' execution policies and voting policies are available from the ACD on request.

8 THE AUDITOR

The Auditors of the Company are KPMG LLP, whose address is, Saltire Court, 20 Castle Terrace, Edinburgh EH1 2EG.

9 THE ADMINISTRATOR AND REGISTER OF SHAREHOLDERS

The ACD has not delegated the role of the Administrator for the Company. The Register of Shareholders is maintained by the ACD at its office at 206 St Vincent Street, Glasgow G2 5SG and may be inspected at that address during normal business hours by any Shareholder or any Shareholder's duly authorised agent.

10 CONFLICTS OF INTEREST

The ACD, the Depositary and the Investment Managers are or may be involved in other financial, investment and professional activities which may, on occasion, cause conflicts of interest with the management of the Company or the Sub-funds. In addition, the Company may enter into transactions at arm's length with companies in the same group as the ACD.

Transactions may be effected in which the ACD or the Investment Manager has, either directly or indirectly, an interest that may potentially involve a conflict of its obligation to a Sub-fund. Where a conflict cannot be avoided, the ACD and Investment Manager will have regard to their fiduciary responsibilities to act in the best interests of the Sub-fund and its investors. The ACD and Investment Manager will ensure that investors are treated fairly and that such transactions are effected on terms which are not less favourable to the Sub-fund than if the potential conflict had not existed.

The Depositary may, from time to time, act as depositary of other companies or funds.

Each of the parties will, to the extent of their ability and in compliance with the FCA Rules, ensure that the performance of their respective duties will not be impaired by any such involvement.

The ACD maintains a written conflict of interest policy. The ACD acknowledges that there may be some situations where the organisational or administrative arrangements in place for the management of conflicts of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the Company or its shareholders will be prevented. Should any such situations arise the ACD will, as a last resort if the conflict cannot be avoided, disclose these to shareholders in the report and accounts or otherwise an appropriate format.

Copies of the ACD's and the Investment Managers' conflicts of interest policies are available from the ACD on request.

11 CLIENT MONEY

As required by the FCA's client money rules, the ACD will hold money received from clients or on the client's behalf in accordance with those rules in a pooled

client bank account, with an approved bank (as defined in the FCA Rules) in the UK.

The ACD will not be liable for any acts or omissions of the approved bank. The approved bank will be responsible for any acts or omissions within its control. In the event of the insolvency of any party, clients' money may be pooled which means that shareholders may not have a claim against a specific account and may not receive their full entitlement, as any shortfall may be shared pro rata amongst all clients.

The ACD is covered by the Financial Services Compensation Scheme (FSCS). The FSCS may pay compensation if the ACD is unable to meet its financial obligations. For further information about the compensation provided by the FSCS (including the amounts covered and eligibility to claim) refer to the FSCS website www.FSCS.org.uk or call the FSCS on 020 7741 4100 or 0800 678 1100.

12 BUYING, SELLING AND SWITCHING SHARES

The dealing office of the ACD is open from 9.00 am until 5.00 pm on each Business Day to receive requests for the sale or purchase, redemption and switching of shares, which will be effected at prices determined at the next Valuation Point following receipt of such request. Telephone calls may be recorded for training and monitoring purposes. The ACD may also, at its discretion, introduce further methods of dealing in Shares in the future.

12.1 Buying Shares

12.1.1 Procedure

Where the minimum investment levels allow, initial investments can only be made by sending a completed application form to the ACD's Transfer Agency Team at 206 St Vincent Street, Glasgow G2 5SG, either;

- (a) accompanied by a cheque (up to a maximum value of £50,000) or
- (b) having made a telegraphic transfer to the ACD's bank account.

The ACD will accept written instructions accompanied by payment for subsequent transactions which can be carried out by writing to the Transfer Agency team at 206 St Vincent Street, Glasgow G2 5SG. The ACD will also accept telephone purchases from FCA regulated entities for subsequent investments, which may purchase shares by telephoning the Transfer Agency Team on 0141 222 1150. Where an instruction has been received by telephone, settlement is due within 4 Business Days of the Valuation Point. Purchases made by telephone are subject to risk limits at the ACD's discretion, and the ACD may at its discretion reject or defer an instruction to purchase Shares until it is in receipt of cleared funds for the purchase (when the purchase of Shares will be placed at the next Valuation Point following receipt of cleared funds). Telephone calls may be recorded by the ACD, its delegates, their duly appointed agents and any of their respective related, associated or affiliated companies for

record keeping, security and/or training purposes, please see paragraph “Telephone Recordings” below for further information.

An order for the purchase of Shares will only be deemed to have been accepted by the ACD once it is in receipt of cleared funds for the application.

The ACD, at its discretion has the right to cancel a purchase deal if settlement is materially overdue (being more than 5 Business Days of receipt of an application form or other instruction) and any loss arising on such cancellation shall be the liability of the applicant. The ACD is not obliged to issue Shares unless it has received cleared funds from an investor.

The ACD reserves the right to charge interest at 4% per annum above the prevailing Bank of England Base rate, on the value of any settlement received later than the 4th Business Day following the Valuation Point.

The ACD may accept applications to buy shares by electronic communication. Electronic communication does not include email.

The ACD has the right to reject, on reasonable grounds relating to the circumstances of the applicant, any application for shares in whole or part, and in this event the ACD will return any money sent, or the balance of such monies, at the risk of the applicant. In addition the ACD may reject any application previously accepted in circumstances where the applicant has paid by cheque and that cheque subsequently fails to be cleared.

Any subscription monies remaining after a whole number of shares has been issued will not be returned to the applicant. Instead, smaller denomination shares will be issued in such circumstances.

No interest payment will be made on client money held by the ACD, prior to investment in the scheme. Client money will be held in a designated client money account with Royal Bank of Scotland plc or Smith & Williamson Investment Services Limited. No more than 20% of client money will be held with Smith & Williamson Investment Services Limited, a company in the same group as the ACD.

Shareholders have a right to cancel their transactions within 14 calendar days of receipt of their contract note. If a Shareholder cancels their contract, they will receive a refund of the amount they invested including the initial charge either in full or less a deduction to reflect any fall in unit/share price since you invested. This may result in a loss on the part of the Shareholders. If Shareholders wish to exercise their right to cancel, they should write to the Transfer Agency team at 206 St Vincent Street, Glasgow G2 5SG. Shareholders will not be able to exercise their cancellation rights after 14 calendar days of receipt of their contract note. Shareholders should note that in certain circumstances, there may be a delay in returning your investment.

12.1.2 Documentation

A contract note giving details of the shares purchased and the price used will be issued to the shareholder (the first named, in the case of joint shareholders) by the end of the next Business Day following the valuation point by reference to which the purchase price is determined, together with, where appropriate, a notice of the applicant's right to cancel.

Share certificates will not be issued in respect of shares. Ownership of shares will be evidenced by an entry on the Company's Register of Shareholders. Tax vouchers in respect of periodic distributions of income in each Sub-fund will show the number of shares held by the recipient in the Sub-fund in respect of which the distribution is made. Individual statements of a shareholder's (or, when shares are jointly held, the first named holder's) shares will also be issued at any time on request by the registered holder.

12.1.3 Minimum subscriptions and holdings

The minimum initial and subsequent subscription levels, and minimum holdings, for each Sub-fund are set out in Appendix 1. The ACD may at its discretion accept subscriptions lower than the minimum amount.

If a holding is below the minimum holding the ACD has a discretion to require redemption of the entire holding.

12.1.4 In Specie Issue

If a shareholder requests, the ACD may at its discretion and subject to the approval of the Investment Manager and the Depositary, arrange for the Company to accept permitted assets other than cash in settlement of a purchase of shares in the Company as provided for in the Regulations. In particular the ACD and Depositary will only do so where satisfied that the acceptance of the assets concerned would not be likely to result in any material prejudice to the interests of Shareholders.

12.2 Selling Shares

12.2.1 Procedure

Every shareholder has the right to require that the Company redeem his shares on any Dealing Day unless the value of shares which a shareholder wishes to redeem will mean that the shareholder will hold shares with a value less than the required minimum holding for the Sub-fund concerned, in which case the shareholder may be required to redeem his entire holding.

Requests to sell shares may be made to the ACD by telephone on 0141 222 1150 or in writing to the Transfer Agency team at 206 St Vincent Street, Glasgow G2 5SG. The ACD may accept applications to sell shares by electronic communication. Electronic communication does not include email. Telephone calls may be recorded by the ACD, its delegates, their duly appointed agents and any of their respective related, associated or affiliated companies for record keeping, security and/or training purposes, please see paragraph "Telephone Recordings" below for further information.

12.2.2 Documents the Seller will receive:

A contract note giving details of the number and price of shares sold will be sent to the selling shareholder (the first named, in the case of joint shareholders) or their duly authorised agents together with a form of renunciation for completion and execution by the shareholder (and, in the case of a joint holding, by all the joint holders) not later than the end of the next Business Day following the Valuation Point by reference to which the redemption price is determined. Payment will be made by BACS, telegraphic transfer or CHAPS in satisfaction of the redemption monies and will be issued within four business days of the later of:

- (a) receipt by the ACD of the form of renunciation (or other sufficient written instructions) duly signed by all the relevant shareholders and completed as to the appropriate number of shares, together with any other appropriate evidence of title; and
- (b) the valuation point following receipt by the ACD of the request to redeem.

12.2.3 Minimum Redemption

Part of a shareholder's holding may be sold but the ACD reserves the right to refuse a redemption request if the value of the shares of any Sub-fund to be redeemed is less than any minimum redemption amount set out in Appendix 1 or would result in a shareholder holding less than the minimum holding for a Sub-fund, as detailed in Appendix 1.

12.2.4 In Specie Redemption

If a shareholder requests the redemption or cancellation of shares, the ACD may, if it considers the deal substantial in relation to the total size of the Sub-fund concerned, arrange for the Company to cancel the shares and transfer Scheme Property to the shareholder instead of paying the price of the shares in cash, or, if required by the shareholder, pay the net proceeds of sale of the relevant Scheme Property to the shareholder. A deal involving shares representing 5% or more in value of a Sub-fund will normally be considered substantial, although the ACD may in its discretion agree an in specie redemption with a shareholder whose shares represent less than 5% in value of the Sub-fund concerned.

Before the proceeds of cancellation of the shares become payable, the ACD will give written notice to the shareholder that Scheme Property (or the proceeds of sale of that Scheme Property) will be transferred to that shareholder.

The ACD will select the property to be transferred (or sold) in consultation with the Depositary. They must ensure that the selection is made with a view to achieving no greater advantage or disadvantage to the redeeming shareholder than to continuing shareholders, and any such redemption as set out above, shall be subject to a retention by the Company from that property (or proceeds) the value (or amount) of any stamp duty reserve tax to be paid on the cancellation of shares.

12.2.5 Direct Issue or Cancellation of shares by an ICVC through the ACD

Not applicable. Shares are issued or cancelled by the ACD making a record of the issue or cancellation and of the number of shares of each class concerned.

12.3 Switching

If applicable, a holder of shares in a Sub-fund or fund may at any time switch all or some of his shares (“Old Shares”) for shares of another Sub-fund or fund (“New Shares”). The number of New Shares issued will be determined by reference to the respective prices of New Shares and Old Shares at the valuation point applicable at the time the Old Shares are repurchased and the New Shares are issued.

Switching may be effected either by telephone on 0141 222 1150 or in writing to the Transfer Agency Team. A switching shareholder must be eligible to hold the shares into which the switch is to be made. The ACD may at its sole discretion and by prior agreement, accept switching instructions by telephone from FCA regulated entities only. The ACD may accept applications to switch shares by electronic communication. Electronic communication does not include email. Telephone calls may be recorded by the ACD, its delegates, their duly appointed agents and any of their respective related, associated or affiliated companies for record keeping, security and/or training purposes, please see paragraph “Telephone Recordings” below for further information.

The ACD may at its discretion charge a fee on the switching of shares between Sub-funds. These fees are set out in Section 12.2.1.

If the switch would result in the Shareholder holding a number of Old Shares or New Shares of a value which is less than the minimum holding in the Sub-fund or fund concerned, the ACD may, if it thinks fit, convert the whole of the applicant’s holding of Old Shares to New Shares or refuse to effect any switch of the Old Shares. No switch will be made during any period when the right of shareholders to require the redemption of their shares is suspended. The general provisions on selling shares shall apply equally to a switch.

The ACD may adjust the number of New Shares to be issued to reflect the imposition of any switching fee together with any other charges or levies in respect of the issue or sale of the New Shares or repurchase or cancellation of the Old Shares as may be permitted pursuant to the FCA Regulations.

Please note that, under current tax law, a switch of shares in one Sub-fund or fund for shares in any other Sub-fund or fund is treated as a redemption and sale and will, for persons subject to United Kingdom taxation, be a realisation for the purposes of capital gains taxation although a switch of shares between different share classes in the same Sub-fund will not normally be deemed to be a realisation for the purposes of capital gains taxation.

A shareholder who switches shares in one Sub-fund or fund for shares in any other Sub-fund or fund will not be given a right by law to withdraw from or cancel the transaction.

12.3.1 Share Class Conversions

If applicable, a holder of shares in a Share Class (“Old Class Shares”) of a Sub-fund may exchange all or some of his shares for shares of a different Share Class within the same Sub-fund (“New Class Shares”). An exchange of Old Class Shares for New Class Shares will be processed as a conversion (“Share Class Conversion”). Unlike a Switch, a conversion of Old Class Shares into New Class Shares will not involve a redemption and issue of shares. This transaction will not be included in the calculations for Stamp Duty Reserve Tax (see “Taxation” for further details), and for the purposes of Income Equalisation the New Class Shares will receive the same treatment as the Old Class Shares.

The number of New Class Shares issued will be determined by a conversion factor calculated by reference to the respective prices of New Shares and Old Shares at the valuation point applicable at the time the Old Class Shares are converted to New Class Shares.

Conversions may be effected either by telephone on 0141 222 1150 or in writing to the Transfer Agency Team (which, in the case of joint shareholders must be signed by all the joint holders). The ACD may accept applications to convert shares by electronic communication. Electronic communication does not include email. A converting shareholder must be eligible to hold the shares into which the conversion is to be made. It is the ACD’s intention that Share Class Conversions will be processed at the next Valuation Point following receipt of the instruction, however the ACD reserves the right to defer a Share Class Conversion until no later than after the next Annual Accounting Date if it is in the interests of other Shareholders. Telephone calls may be recorded by the ACD, its delegates, their duly appointed agents and any of their respective related, associated or affiliated companies for record keeping, security and/or training purposes, please see paragraph “Telephone Recordings” below for further information.

If the conversion would result in the Shareholder holding a number of Old Class Shares or New Class Shares of a value which is less than the minimum holding in the Share Class concerned, the ACD may, if it thinks fit, convert the whole of the applicant’s holding of Old Class Shares to New Class Shares or refuse to effect any conversion of the Old Shares.

Please note that, under current tax law, a conversion of shares between different share classes in the same Sub-fund will not be deemed to be a realisation for the purposes of capital gains taxation.

A shareholder who converts their shares in one share class to shares in a different share class in the same Sub-fund will not be given a right by law to withdraw from or cancel the transaction.

13 DEALING CHARGES

13.1 Initial Charge

The ACD may impose a charge on the sale of shares to investors. The initial charge is payable to the ACD. Full details of the current initial charge for each class of share in each Sub-fund are set out in Appendix 1.

13.2 Redemption Charge

The ACD may make a charge on the redemption of shares. At present no redemption charge is levied.

The ACD may not introduce a redemption charge on shares unless, not less than 60 days before the introduction, it has given notice in writing to the then current shareholders of that introduction and has revised and made available the Prospectus to reflect the introduction and the date of its commencement.

In the event of a change to the rate or method of calculation of a redemption charge, details of the previous rate or method of calculation will be available from the ACD.

13.2.1 Switching Fee

On the switching of shares of a Sub-fund for shares of another fund or Sub-fund a switching fee may be applied. The fee will not exceed an amount equal to the then prevailing initial charge for the Sub-fund into which shares are being switched. The switching fee is payable to the ACD. Currently no switching charge will be levied.

14 OTHER DEALING INFORMATION

14.1 Dilution Levy

The basis on which the Company's investments are valued for the purpose of calculating the issue and redemption price of shares as stipulated in the FCA Regulations and the Company's Instrument of Incorporation is summarised in Section 19. The actual cost of purchasing or selling a Sub-fund's investments may be higher or lower than the mid market value used in calculating the share price - for example, due to dealing charges, or through dealing at prices other than the mid-market price. Under certain circumstances (for example, large volumes of deals) this may have an adverse effect on the shareholders' interest in a Sub-fund. In order to prevent this effect, called "dilution", the ACD has the power to charge a "dilution levy" on the sale and/or redemption of shares. If charged, the dilution levy will be paid into the relevant Sub-fund and will become part of the property of the relevant Sub-fund.

The dilution levy for each Sub-fund will be calculated by reference to the estimated costs of dealing in the underlying investments of that Sub-fund, including any dealing spreads, commission and transfer taxes.

The need to charge a dilution levy will depend on the volume of sales or redemptions. The ACD may charge a discretionary dilution levy on the sale and redemption of shares if, in its opinion, the existing shareholders (for sales) or remaining shareholders (for redemptions) might otherwise be adversely affected, and if charging a dilution levy is, so far as practicable, fair to all shareholders and potential shareholders. In particular, the dilution levy may be charged in the following circumstances:

- (a) where over a dealing period a Sub-fund has experienced a large level of net sales or redemptions relative to its size;

- (b) on “large deals”. For these purposes, a large deal is a deal worth at least the percentage of the size of the relevant Sub-fund as is set out in Appendix 1; and
- (c) where the ACD considers it necessary to protect the interests of the shareholders of the Company.

It is therefore not possible to predict accurately whether dilution would occur at any given point in time. If a dilution levy is required then, based on future projections the estimated rate or amount of such levy is shown below:

Sub-fund	Sales (creation)	Redemptions (liquidation)
Smith & Williamson MM Global Investment Fund	1.13	0.82
Smith & Williamson Global Gold & Resources Fund	0.67	0.77
Smith & Williamson Oriental Growth Fund	0.64	0.71

If a dilution levy is not charged then this may restrict the future growth of the Company.

The ACD may alter its dilution policy either by shareholder consent pursuant to the passing of a resolution to that effect at a properly convened meeting of shareholders and by amending the prospectus or by giving shareholders notice and amending the prospectus 60 days before the change to the dilution policy is to take effect.

15 MONEY LAUNDERING

As a result of legislation in force in the United Kingdom to prevent money laundering, persons conducting investment business are responsible for compliance with money laundering regulations. In order to implement these procedures, in certain circumstances investors may be asked to provide proof of identity when buying shares. The ACD reserves the right to reverse the transaction or to refuse to sell shares if it is not satisfied as to the identity of the applicant.

16 RESTRICTIONS AND COMPULSORY TRANSFER AND REDEMPTION

The ACD may from time to time impose such restrictions as it may think necessary for the purpose of ensuring that no shares are acquired or held by any person in breach of the law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory. In this connection, the ACD may, inter alia, reject in its discretion any application for the purchase, sale, transfer or switching of shares.

17 SUSPENSION OF DEALINGS IN THE COMPANY

The ACD may with the prior agreement of the Depositary, or shall if the Depositary so requires, temporarily suspend the issue, cancellation, purchase and redemption of Shares where due to exceptional circumstances this is in the interest of all of the Shareholders.

On suspension the ACD (or the Depositary if it has required the ACD to suspend dealings in Shares) must immediately inform the FCA stating the reason for its action and as soon as practicable give written confirmation to the FCA of the suspension and the reasons for it.

The ACD must ensure that a notification of the suspension is made to Shareholders as soon as practicable after suspension commences. The ACD must ensure that it draws Shareholders' particular attention to the exceptional circumstances which resulted in the suspension; that it is clear, fair and not misleading; and that it informs Shareholders how to obtain sufficient details about the suspension including, if known, its likely duration.

The ACD and the Depositary must formally review the suspension at least every 28 days and inform the FCA of the result of this review with a view to ending the suspension as soon as practicable after the exceptional circumstances have ceased.

Recalculation of the Share price for the purpose of sales and purchases will commence on the next relevant Valuation Point following the ending of the suspension.

18 GOVERNING LAW

All deals in shares are governed by English law.

19 VALUATION OF THE COMPANY

There is only a single price for any share as determined from time to time by reference to a particular valuation point. The price of a share in the Company is calculated by reference to the Net Asset Value of the Sub-fund to which it relates. The Net Asset Value per share of a Sub-fund is currently calculated at 12.00 noon on each Dealing Day.

The ACD may at any time during a business day carry out an additional valuation if the ACD considers it desirable to do so.

20 CALCULATION OF THE NET ASSET VALUE

20.1 The value of the Scheme Property of the Company or of a Sub-fund (as the case may be) shall be the value of its assets less the value of its liabilities determined in accordance with the following provisions.

20.1.1 All the Scheme Property (including receivables) of the Company (or the Sub-fund) is to be included, subject to the following provisions.

20.1.2 Scheme Property which is not cash (or other assets dealt with in Section 19.1.3) or a contingent liability transaction shall be valued as follows:

(a) units or shares in a collective investment scheme:

- (i) if a single price for buying and selling units is quoted, at the most recent such price; or
 - (ii) if separate buying or selling prices are quoted, at the average of the two prices provided the buying price has been reduced by any initial charge included therein and the selling price has been increased by any exit or redemption charge attributable thereto; or
 - (iii) if no price or no recent price exists, at a price which in the opinion of the ACD is fair and reasonable;
- (b) any other transferable security:
 - (i) if a single price for buying and selling the security is quoted, at that price; or
 - (ii) if separate buying and selling prices are quoted, the average of those two prices; or
 - (iii) if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no price exists, at a value which in the opinion of the ACD reflects a fair and reasonable price for that investment;
- (c) property other than that described in Sections 19.1.2(a) and 19.1.2(b) above:
 - (i) at a value which, in the opinion of the ACD, represents a fair and reasonable mid-market price.

20.1.3 Cash and amounts held in current and deposit accounts and in other time-related deposits shall be valued at their nominal values.

20.1.4 Property which is a contingent liability transaction shall be treated as follows:

- (a) if it is a written option (and the premium for writing the option has become part of the Scheme Property), the amount of the net valuation of premium receivable shall be deducted.
- (b) if it is an off-exchange future, it will be included at the net value of closing out in accordance with a valuation method agreed between the ACD and the Depositary;
- (c) if the property is an off-exchange derivative, it will be included at a valuation method agreed between the ACD and Depositary;
- (d) if it is any other form of contingent liability transaction, it will be included at the net value of margin on closing out (whether as a positive or negative value).

20.1.5 In determining the value of the Scheme Property, all instructions given to issue or cancel shares shall be assumed to have been carried out (and any cash paid or received) whether or not this is the case.

- 20.1.6 Subject to Sections 19.1.7 and 19.1.8 below, agreements for the unconditional sale or purchase of property which are in existence but uncompleted shall be assumed to have been completed and all consequential action required to have been taken. Such unconditional agreements need not be taken into account if made shortly before the valuation takes place and, in the opinion of the ACD, their omission will not materially affect the final net asset amount.
- 20.1.7 Futures or contracts for differences which are not yet due to be performed and unexpired and unexercised written or purchased options shall not be included under Section 19.1.6.
- 20.1.8 All agreements are to be included under Section 19.1.6 which are, or ought reasonably to have been, known to the person valuing the property.
- 20.1.9 An estimated amount for anticipated tax liabilities at that point in time including (as applicable and without limitation) capital gains tax, income tax, corporation tax and value added tax will be deducted.
- 20.1.10 An estimated amount for any liabilities payable out of the Scheme Property and any tax thereon treating periodic items as accruing from day to day will be deducted.
- 20.1.11 The principal amount of any outstanding borrowings whenever repayable and any accrued but unpaid interest on borrowings will be deducted.
- 20.1.12 An estimated amount for accrued claims for tax of whatever nature which may be recoverable will be added.
- 20.1.13 Any other credits or amounts due to be paid into the Scheme Property will be added.
- 20.1.14 A sum representing any interest or any income accrued due or deemed to have accrued but not received will be added.
- 20.1.15 Currency or values in currencies other than the base currency shall be converted at a rate of exchange that is not likely to result in any material prejudice to the interests of shareholder or potential shareholders.

21 PRICE PER SHARE IN EACH SUB-FUND AND EACH CLASS

The price per Share at which shares are bought, redeemed or switched is the Net Asset Value per Share. Any initial charge or redemption charge, (or dilution levy or SDRT on a specific deal, if applicable) is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

22 PRICING BASIS

The Company deals on a forward pricing basis. A forward price is the price calculated at the next valuation point after the sale or redemption is agreed.

23 PUBLICATION OF PRICES

Shareholders can obtain the price of their shares on www.fundlistings.com or by telephoning 0141 222 1151.

24 RISK FACTORS

24.1 General Risks

The price of shares of the Sub-funds and any income from them may fall as well as rise and investors may not get back the full amount invested. Past performance is not a guide to future performance. There is no assurance that the investment objective of the Sub-funds will actually be achieved.

The following statements are intended to summarise some of the risks, but are not exhaustive, nor do they offer advice on the suitability of investments.

24.2 The following risks apply to all of the Sub-funds:

24.2.1 Equities Risk

Where investments are in the shares of companies (equities), the value of those equities may fluctuate, sometimes dramatically, in response to the activities and results of individual companies or because of general market and economic conditions or other events. Currency exchange rate movements will also cause changes in value when the currency of the investment is other than sterling.

24.2.2 Warrants Risk

Where investments are in warrants, the price per share of the Sub-fund may fluctuate more than if the Sub-fund were invested in the underlying securities because of the greater volatility of the warrant price.

24.2.3 Collective Investment Schemes Risk

The Sub-fund may make investments in collective investment schemes. Such investments may involve risks not present in direct investments, including, for example, the possibility that an investee collective investment scheme may at any time have economic or business interests or goals which are not fully consistent with those of the Sub-fund. Moreover, many alternative investment strategies give themselves significant discretion in valuing securities. There may be liquidity constraints and the extent to which an investee fund's securities are valued by independent sources are factors which could impact on the Sub-fund's valuation.

24.2.4 Leveraged Companies Risk

Investments may be made in companies or collective investment schemes which borrow funds. Such companies or collective investment schemes may not be subject to any limitations on the amount of their borrowings, and the amount of borrowings that they may have outstanding at any time may be large in comparison to their capital.

24.2.5 Leverage Risk

Leverage is where a Sub-fund borrows money in order to meet redemption requests or, through the use of derivatives, for the purpose of buying or selling assets. Where assets are bought or sold using borrowed money this increases the risk that in the case of losses that these are compounded and as a result have a material negative impact on the value of the Sub-fund.

24.2.6 Futures and Options Risk

The Sub-funds may use, under certain conditions, options and futures on indices and interest rates, for the purposes of efficient portfolio management. Also, the Sub-funds may hedge market and currency risks using futures, options and forward exchange contracts. Transactions in futures carry a high degree of risk. The amount of the initial margin is small relative to the value of the futures contract so that transactions are “leveraged” or “geared”. A relatively small market movement will have a proportionately larger impact which may work for or against the investor. The placing of certain orders which are intended to limit losses to certain amounts may not be effective because market conditions make it impossible to execute such orders. Transactions in options also carry a high degree of risk. Selling (“writing”) an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obliged either to settle the option in cash or acquire or deliver the underlying interest. If the option is “covered” by the seller holding a corresponding position in the underlying interest or a future on another option, the risk may be reduced.

There is no guarantee that the Sub-fund will achieve the objective for which it entered into a transaction in relation to Efficient Portfolio Management. This may result in losses for investors.

The Sub-fund will be subject to the risk of the inability of any counterparty to perform its obligations. If a counterparty defaults the Sub-fund may suffer losses as a result.

24.2.7 Foreign Currency Risk

The Sub-fund may invest in securities denominated in a number of different currencies other than sterling in which the Sub-fund is denominated. Changes in foreign currency exchange rates may adversely affect the value of a Sub-fund’s investments and the income thereon.

24.2.8 Pricing and Valuation Risk

For quoted investments a valuation price can be obtained from an exchange or similarly verifiable source. However, investment in unquoted and/or illiquid investments which are difficult to value may increase the risk of mispricing. Furthermore, the Sub-fund will compute Net Asset Values when some markets are closed for holidays or other reasons. In these and similar cases a verifiable source of market prices will not be available and the investment manager may invoke its Fair Value process which will determine a fair value price for the

relevant investments; this Fair Value process involves assumptions and subjectivity.

24.2.9 Emerging Countries and Developing Markets Risk

The Sub-funds may invest in emerging markets which are undergoing rapid growth and regulatory change. Emerging markets present additional risks to those normally encountered in developed securities markets. These risks may be political, social and economic in nature and may be complicated by inflationary pressures and currency depreciation. The accounting and financial reporting standards, practices and disclosure requirements in some of the countries in which investments may be made may differ from those experienced in more developed markets. Similarly, reliability of the trading and settlement systems in such markets and the liquidity of these markets may not be equal to those available in more developed markets and this could lead to delays in settlement or affect the price at which investments could be realised. Government influence or control of private companies in some countries may be significant and investments may be exposed to the risks of political change, political uncertainty or governmental action. Such assets could be expropriated, nationalised, confiscated or subjected to changes in legislation relating to foreign ownership. The value of investments in emerging markets may therefore be adversely affected by political and/or economic conditions, which would, in turn, adversely impact on the performance of the Sub-funds.

24.2.10 Smaller and Unquoted Companies Risk

Significant investments may be made in smaller companies, in which there may be no established market for the shares, or the market may be highly illiquid. Because of this potential illiquidity investment in the Sub-funds may not be appropriate for all investors, including those who are not in a position to take a long-term view of their investment. The Sub-funds may also invest, directly and indirectly, in securities that are not listed or traded on any stock exchange. In such situations, the Sub-funds may not be able to immediately sell such securities. The purchase price and subsequent valuation of these securities may reflect a discount, which could be significant, from the market price of comparable securities for which a liquid market exists.

24.2.11 Risk to Capital

The Depositary has agreed that all or part of the ACD's Annual Management Charge and any other charges or expenses allocated to a particular Share Class will be charged against capital instead of income. This may constrain capital growth.

24.2.12 Risk to Capital Growth

There may also be a potential risk of erosion resulting from withdrawals or cancellations of shares and distributions in excess of investment returns.

24.2.13 Liquidity Risk

In normal market conditions a Sub-fund's assets comprise mainly realisable investments which can be readily sold. A Sub-fund's main liability is the redemption of any shares that investors wish to sell. In general the Sub-fund

manages its investments, including cash, such that it can meet its liabilities. Investments held may need to be sold if insufficient cash is available to finance such redemptions. If the size of the disposals are sufficiently large, or the market is illiquid, then there is a risk that either the investments might not be sold or the price at which they are sold may adversely affect the Net Asset Value of the Sub-fund. If there were significant requests for redemption of shares in the Sub-fund at a time when a large proportion of the Sub-fund's assets were invested in illiquid investments, then the Sub-fund's ability to fund those redemptions would be impaired and it might be necessary to suspend dealings in shares in the Sub-fund.

24.2.14 Credit Risk

Investments may be adversely affected if any of the institutions with which money is deposited suffers insolvency or other financial difficulties (default). Credit risk also arises from the uncertainty about an issuer's ultimate repayment of principal and interest for bond or other debt instrument investments. The entire deposit or purchase price of the debt instrument is at risk of loss if there is no recovery after default. The risk of default is usually greatest with bonds and debt instruments that are classed as 'sub-investment' grade.

24.2.15 Settlement Risk

All security investments are transacted through brokers who have been approved by the investment manager as an acceptable counterparty. The list of approved brokers is reviewed regularly. There is a risk of loss if a counterparty fails to perform its financial or other obligations to a Sub-fund, for example, the possibility that a counterparty may default, by failing to make payments due, or make payments in a timely manner. If settlement never occurs the loss incurred by the relevant Sub-fund will be the difference between the price of the original contract and the price of the replacement contract or, in the case where the contract is not replaced the absolute value of the contract at the time it is voided. Furthermore, in some markets 'Delivery versus Payment' may not be possible in which case the absolute value of the contract is at risk if a Sub-fund meets its settlement obligations but the counterparty fails before meeting its obligations.

24.2.16 Custody Risk

Assets of the Sub-funds are kept by the custodian and investors are exposed to the risk of the custodian not being able to fully meet its obligation to reconstitute in a short time frame all of the assets of the Sub-funds in the case of bankruptcy of the custodian. Securities of a Sub-fund will normally be identified in the custodian's books as belonging to that Sub-fund and segregated from other assets of the custodian which mitigates but does not exclude the risk of non restitution in case of bankruptcy. However, no such segregation applies to cash which increases the risk of non restitution in case of bankruptcy. The custodian does not keep all the assets of the Sub-funds itself but uses a network of sub-custodians which are not part of the same group of companies as the custodian. Investors are exposed to the risk of bankruptcy of the sub-custodians in the same manner as they are to the risk of bankruptcy of the custodian.

A Sub-fund may invest in markets where custodial and/or settlement systems are not fully developed. The assets of a Sub-fund that are traded in such markets and which have been entrusted to such sub-custodians may be exposed to risk in circumstances where the custodian will have no liability.

24.2.17 Tax Risk

Tax laws, currently in place, may change in the future which could affect the value of the Sub-funds' and therefore the shareholders investments. Refer to the section headed 'Taxation' in the prospectus for further details about the taxation of the fund.

24.2.18 Inflation Risk

Unless the performance of your investment keeps up with or beats inflation, the real value of your investments will fall over time.

24.2.19 Political and/or Environmental Risk

The investee companies may operate in countries where the ownership rights may be uncertain and development of the resources themselves may be subject to disruption due to factors including civil disturbances, industrial action, interruption of power supplies, as well as adverse climatic conditions.

24.2.20 Market Risk

The risk that the entire market of an asset class will decline thus affecting the prices and the values of the assets.

24.3 Specific Risk Factors

The following risk factors apply to specific Sub-funds:

Intentionally left blank.

24.3.1 Smith & Williamson MM Global Investment Fund

24.3.1.1 Investment Trust Risk

The share prices of investment trusts and closed-ended funds typically stand at a discount to their net asset value per share. Such discounts may persist for long periods and/or widen. The sub-fund's share price, being calculated on the basis of the net asset value per share, will reflect the current market value of the shares of the investment trusts and closed-ended funds in which the sub-fund invests. The shares of certain investment trusts and closed-ended funds in which the sub-fund invests may be valued in a market at a premium to their own net asset value per share. In such cases the share price of such investment trusts and/or closed-ended funds may eventually decline to a discount of their net asset value per share. Investment trusts and closed-ended funds may borrow or otherwise leverage their exposure to their investments. Investments in such companies will tend to have more volatile results than investment in companies without gearing.

26.2.3 Smith & Williamson Global Gold & Resources

24.3.1.2 Gold and Natural Resources Risk

The price of gold/natural resources in which the Funds invest may be subject to sudden, unexpected and substantial fluctuations that may lead to significant declines in the values of the shares concerned and hence the Net Asset Value of the Funds.

24.3.2 Smith & Williamson MM Global Investment Fund

Smith & Williamson Global Gold and Resources Fund

Smith & Williamson Oriental Growth Fund

24.3.2.1 Country Concentration Risk

If the sub-fund invests in essentially only one country they will have greater exposure to market, political, legal, economic and social risks of that country than if they diversify country risk across a number of countries. There is a risk that a particular country may impose foreign exchange and/or conversion controls or regulate in such a way as to disrupt the way the markets in that country operate. The consequences of these actions, and others such as confiscation of assets, could be to hinder the normal operation of the sub-fund with regard to the purchase and sale of investments and possibly the ability to meet redemptions. Dealing in the sub-fund may be suspended and investors may not be able to acquire or redeem units in the sub-fund. These and other actions could also adversely affect the ability to price investments in the sub-fund which could affect the Net Asset Value of the sub-fund in a material way. However, diversification across a number of countries could introduce other risks such as currency risk. In certain countries, and for certain types of investments, transaction costs are higher and liquidity is lower than elsewhere.

Risk factors based on the objectives of each sub-fund are shown below:

25 RISK MANAGEMENT

Upon request to the ACD a shareholder can receive information relating to:

- (a) the quantitative limits applying in the risk management of the Company;
- (b) the methods used in relation to 24(a); and
- (c) any recent developments of the risk and yields of the main categories of investment in the Company.

26 FEES AND EXPENSES

26.1 General

The Company may pay out of the property of the Company charges and expenses incurred by the Company, which will include the following expenses:

- (a) the fees and expenses payable to the ACD (which will include the fees and expenses payable to the Investment Managers) and to the Depositary;
- (b) broker's commission, fiscal charges (including stamp duty and/or stamp duty reserve tax) and other disbursements which are necessarily incurred in effecting transactions for the Sub-funds and normally shown in contract notes, confirmation notes and difference accounts as appropriate;
- (c) fees and expenses in respect of establishing and maintaining the register of shareholders and any sub-register of shareholders;
- (d) any costs incurred in or about the listing of shares in the Company on any Stock Exchange, and the creation, conversion and cancellation of shares;
- (e) any costs incurred by the Company in publishing the price of the shares in a national or other newspaper;
- (f) any costs incurred in producing and dispatching any payments made by the Company, or the yearly and half-yearly reports of the Company;
- (g) any fees, expenses or disbursements of any legal or other professional adviser of the Company;
- (h) any costs incurred in taking out and maintaining any insurance policy
- (i) any costs incurred in respect of meetings of shareholders convened for any purpose including those convened on a requisition by shareholders not including the ACD or an associate of the ACD;

- (j) liabilities on unitisation, amalgamation or reconstruction including certain liabilities arising after transfer of property to the Sub-funds in consideration for the issue of shares as more fully detailed in the FCA Regulations;
- (k) interest on borrowings and charges incurred in effecting or terminating such borrowings or in negotiating or varying the terms of such borrowings;
- (l) taxation and duties payable in respect of the property of the Sub-funds or the issue or redemption of shares;
- (m) the audit fees of the Auditors and any expenses of the Auditors;
- (n) the fees of the FCA under Chapter 18 of the FCA Regulations, together with any corresponding periodic fees of any regulatory authority in a country or territory outside the United Kingdom in which shares in the Company are or may be marketed;
- (o) the Depositary's expenses, as detailed in Section 29 below;
- (p) any expense incurred in relation to company secretarial duties including the cost of maintenance of minute books and other documentation required to be maintained by the Company; and
- (q) any payments otherwise due by virtue of the FCA Regulations.

Value Added Tax is payable on these charges where appropriate.

Expenses are allocated between income and capital in accordance with the FCA Regulations as shown in Appendix 1. Where expenses are allocated to income, but at the end of the accounting period there is insufficient income, the shortfall may be allocated to capital in accordance with FCA Regulations and the OEIC Regulations. This may result in capital erosion or constrain capital growth.

Any third party research received in connection with investment advisory services that an Investment Manager provides to the Sub-funds will be paid for by the Investment Manager out of its fees, as relevant in relation to each Sub-fund, and will not be charged to the Sub-funds.

27 CHARGES PAYABLE TO THE ACD

In payment for carrying out its duties and responsibilities the ACD is entitled to take out of each Sub-fund an annual management charge.

The annual management charge is calculated and accrued on a daily basis by reference to the Net Asset Value of the Sub-fund on the previous Dealing Day up until the last Business Day of each month. The amount due for each month is required to be paid as soon as practicable after the month-end. The current management charges are set out in Appendix 1.

The ACD is also entitled to reimbursement of all reasonable, properly vouched, out of pocket expenses incurred in the performance of its duties, including stamp duty and stamp duty reserve tax on transactions in shares.

The ACD may not increase the current rate or amount of its remuneration payable out of the Scheme Property of the Company or the preliminary charge unless, not less than 60 days before the increase, the ACD gives notice in writing of the increase and the date of its commencement to all shareholders and has revised and made available the Prospectus to reflect the new rate and the date of its commencement.

The Smith & Williamson remuneration policy is designed to be compliant with the UCITS V Remuneration Code contained in SYSC 19E of the FCA Handbook, and provides a framework to attract, retain and reward employees and partners and to maintain a sound risk management framework, with particular attention to conduct risk. The overall policy is designed to promote the long term success of the group. The policy is designed to reward partners, directors and employees for delivery of both financial and non-financial objectives which are set in line with company strategy.

Details of the Smith & Williamson remuneration policy are available on the website <http://smithandwilliamson.com/footer-pages/remuneration-code-disclosure>. A paper copy of the remuneration policy can be obtained free of charge by telephoning 0141 222 1151.

In order to increase its annual management charge the ACD will need to assess whether such an increase would be a fundamental event requiring shareholder consent (in which case an Extraordinary General Meeting would be required) or a significant event requiring shareholders to be notified of the charge 60 days in advance.

Any fees payable to the ACD may be reduced or waived by the ACD at its discretion.

28 INVESTMENT MANAGER'S FEES

The Investment Managers' fees and expenses (plus VAT thereon if applicable) are paid by the ACD out of its remuneration under the ACD Agreement.

29 DEPOSITARY'S FEE

The Depositary receives for its own account a periodic fee which is calculated and accrued on a daily basis by reference to the Net Asset Value of the Sub-Fund on the previous Dealing Day up until the last Business Day of each month. The amount due for each month is required to be paid as soon as practicable after the month-end. The first accrual is calculated by reference to the first Valuation Point of the Company. The fee is payable out of the Scheme Property. The rate of the periodic fee is agreed between the ACD and the Depositary and is subject to a current minimum of £7,500.

Specifically, the Company will pay:

- (a) 0.0275% per annum plus VAT on Scheme Property below £50,000,000;

- (b) 0.025% per annum plus VAT on Scheme Property between £50,000,000 and £100,000,000; and
- (c) 0.02% per annum plus VAT on Scheme Property above £100,000,000.

but always subject to a minimum of £7,500 per annum.

These rates can be varied from time to time in accordance with the FCA Regulations.

The first accrual in relation to any Sub-fund will take place in respect of the period beginning on the day on which the first valuation of that Sub-fund is made and ending on the last business day of the month in which that day falls.

In addition to the periodic fee referred to above, the Depositary shall also be entitled to be paid transaction and custody charges in relation to transaction handling and safekeeping of the Scheme Property as follows:

Custodians	Item	Range
RBC Investor Services Trust (London Branch) Smith & Williamson MM Global Investment Fund Smith & Williamson Global Gold & Resources Fund	Transaction Charges	Between £4.00 and £170.00 per transaction.
	Custody Charges	Between 0.0025% and 0.8% of the value of investments being held within that Sub-Fund per annum.
The Bank of New York Mellon (London Branch) (BNYM LB) Smith & Williamson Oriental Growth Fund	Transaction Charges	Between £7.00 and £472.00 per transaction.
	Custody Charges	Between 0.003183% and 0.5% of the value of investments being held within that Sub-Fund per annum.

These charges vary from country to country depending on the markets and the type of transaction involved. Transaction charges accrue at the time the transactions are effected and are payable as soon as is reasonably practicable, and in any event not later than the last business day of the month when such charges arose or as otherwise agreed between the Depositary and the ACD. Custody charges accrue and are payable as agreed from time to time by the ACD and the Depositary. In addition, charges may be applied for cash payments, currency conversion, corporate actions and other incidental expenses. Details are available on request.

Where relevant, the Depositary may make a charge for (or otherwise benefit from) providing services in relation to: distributions, the provision of banking services, holding money on deposit, lending money, or engaging in stock lending or derivative transactions, in relation to the Fund and may purchase or sell or deal in the purchase or sale of Scheme Property, provided always that the services concerned and any such dealing are in accordance with the provisions of the FCA Regulations.

The Depositary will also be entitled to payment and reimbursement of all costs, liabilities and expenses properly incurred in the performance of, or arranging the performance of, functions conferred on it by the Depositary Agreement, the FCA Regulations or by the general law.

On a winding up of the Company, the termination of a Sub fund or the redemption of a class of shares, the Depositary will be entitled to its pro rata fees, charges and expenses to the date of winding up, the termination, or the redemption (as appropriate) and any additional expenses necessarily realised in settling or receiving any outstanding obligations.

Any value added tax on any fees, charges or expenses payable to the Depositary will be added to such fees, charges or expenses.

In each such case such payments, expenses and disbursements may be payable to any person (including the ACD or any associate or nominee of the Depositary or of the ACD) who has had the relevant duty delegated to it pursuant to the FCA Regulations by the Depositary.

30 ALLOCATION OF FEES AND EXPENSES BETWEEN SUB-FUNDS

All the above fees, duties and charges (other than those borne by the ACD) will be charged to the Sub-fund in respect of which they were incurred but where an expense is not considered to be attributable to any one Sub-fund, the expense will normally be allocated to all Sub-funds pro-rata to the value of the net assets of the Sub-funds, although the ACD has discretion to allocate these fees and expenses in a manner which it considers fair to shareholders generally.

31 SHAREHOLDER MEETINGS AND VOTING RIGHTS

31.1 Annual General Meetings

The Company does not hold Annual General Meetings.

31.2 Requisitions of Meetings

The ACD may requisition a general meeting at any time.

Shareholders may also requisition a general meeting of the Company. A requisition by shareholders must state the objects of the meeting, be dated, be signed by shareholders who, at the date of the requisition, are registered as holding not less than one-tenth in value of all shares then in issue and the requisition must be deposited at the head office of the Company. The ACD must convene a general meeting no later than eight weeks after receipt of such requisition.

31.3 Notice of Quorum

Shareholders will receive at least 14 days' notice of a Shareholders' meeting and are entitled to be counted in the quorum and vote at such meeting either in person or by proxy. The quorum for a meeting is two shareholders, present in person or by proxy. The quorum for an Adjourned Meeting is one shareholder

present in person or by proxy. Notices of Meetings and Adjourned Meetings will be sent to shareholders at their registered addresses.

31.4 Voting Rights

At a meeting of shareholders, on a show of hands every shareholder who (being an individual) is present in person or (being a corporation) is present by its representative properly authorised in that regard, has one vote.

On a poll vote, a shareholder may vote either in person or by proxy. The voting rights attaching to each share are such proportion of the voting rights attached to all the shares in issue that the price of the share bears to the aggregate price(s) of all the shares in issue at the date seven days before the notice of meeting is deemed to have been served.

A shareholder entitled to more than one vote need not, if he votes, use all his votes or cast all the votes he uses in the same way.

Except where the FCA Regulations or the Instrument of Incorporation of the Company require an extraordinary resolution (which needs 75% of the votes cast at the meeting to be in favour if the resolution is to be passed) any resolution will be passed by a simple majority of the votes validly cast for and against the resolution.

The ACD may not be counted in the quorum for a meeting and neither the ACD nor any associate (as defined in the FCA Rules) of the ACD is entitled to vote at any meeting of the Company except in respect of shares which the ACD or associate holds on behalf of or jointly with a person who, if the registered shareholder, would be entitled to vote and from whom the ACD or associate has received voting instructions. Where every Shareholder within the Company is prohibited under Rule 4.4.8R (4) of the FCA Rules from voting, a resolution may, with the prior written agreement of the Depositary, instead be passed with the written consent of Shareholders representing 75% of the shares of the Company in issue.

“Shareholders” in this context means shareholders on the date seven days before the notice of the relevant meeting was deemed to have been served but excludes holders who are known to the ACD not to be shareholders at the time of the meeting.

31.5 Class and Sub-fund Meetings

The above provisions, unless the context otherwise requires, apply to Share Class meetings Sub-funds as they apply to general meetings of shareholders.

32 TAXATION OF THE COMPANY

The following summary is only intended as a general summary of United Kingdom (“UK”) tax law and HM Revenue & Customs practice, as at the date of this Prospectus, applicable to the Sub-fund and to individual and corporate investors who are the absolute beneficial owners of a holding in the Sub-fund which is held as an investment. The summary’s applicability to, and the tax treatment of, investors will depend upon the particular circumstances of each investor (and it will not apply to persons, such as certain institutional investors, who are subject

to a special tax regime). It should not be treated as legal or tax advice. Accordingly, if investors are in any doubt as to their taxation position, they should consult their professional adviser. Levels and bases of, and reliefs from, taxation are subject to change in the future.

The following is divided into sections relating to “Bond Sub-Fund” and “Equity Sub-Fund”. A “Bond Sub-Fund” is a Sub-Fund which invests more than 60% of its market value in “Qualifying Investments” (at all times in each accounting period). The term “Qualifying Investments” includes money placed at interest and securities that are not shares, including but not limited to government and corporate debt securities and cash on deposit. The tax issues relating to the Sub-fund and the investors within it are treated separately in this section. It is anticipated that the Sub-fund will for most periods be an Equity Sub-Fund for these purposes, but that depending on how it is invested it may constitute a Bond Sub-Fund for some periods.

32.1 Taxation of an Equity Sub-Fund

32.1.1 Taxation of Capital Gains

An Equity Sub-Fund is not subject to UK taxation on capital gains arising on the disposal of its investments. In the unlikely event that the Sub-fund be considered to be trading in securities under tax law, and to the extent an investment is disposed in a non-distributor/reporting fund, any gains made will be treated as taxable income and not exempt gains.

32.1.2 Tax on income

An Equity Sub-Fund will be liable to corporation tax at a rate equal to the lower rate of income tax, currently 20%, on its income after relief for expenses (which include fees payable to the ACD and to the Depositary). Dividends and similar income distributions from UK and non-UK resident companies are generally exempt from corporation tax. Dividends and similar income distributions from UK authorised unit trusts and UK ICVCs are also generally exempt from corporation tax to the extent the underlying income derives from dividends.

Foreign dividends and similar income are generally treated as exempt for the purposes of UK corporation tax. This income may be subject to withholding tax in certain jurisdictions.

Dividend income received from certain countries are likely to be elected to be treated as taxable income in the UK in order to obtain a beneficial rate of withholding tax in the source country.

Profits from loan relationships are treated as taxable income, as for a Bond Sub-Fund.

32.2 Taxation of a Bond Sub-Fund

32.2.1 Taxation of Capital Gains

Bonds or loan relationships held are taxable as income (see below) and are not subject to capital gains tax. Capital gains, for example on investment in

equities, (except insofar as treated as income gains - see below) accruing to a Bond Sub-Fund will be exempt from UK tax on chargeable gains.

32.2.2 Tax on Income

A Bond Sub-Fund will be liable to UK corporation tax at 20% on income, translated (where appropriate) into Sterling, from investments in debt, debt-related securities and cash deposits less deductible expenses. Such income will be computed according to the generally accepted accounting practice relevant to the Sub-fund.

The total will be taxed under the Loan Relationship rules. Any income received from UK equities will be exempt from UK corporation tax.

A Bond Sub-Fund would generally be entitled to make up distribution accounts in such a way that the income distribution (including accumulations of income, which are deemed to be paid and reinvested as capital) to Shareholders is treated as if it were interest for UK tax purposes. If so entitled, the Sub-fund intends that distributions will be made in this way.

- The treatment of distributions as interest distributions for UK tax purposes is significant because:
- distributions made should be deductible for corporation tax purposes against UK taxable income.

The income, less interest distributions, expenses (including the ACD's and Depositary's fees) and any non-UK withholding taxes, is subject to UK corporation tax at a rate equal to the basic rate of income tax (currently 20%). Any corporation tax charge should not be significant.

Capital gains (except insofar as treated as accrued income gains - see above) accruing to a Bond Sub-Fund will be exempt from UK tax on chargeable gains.

32.3 Taxation of a Shareholder - Equity Sub-Fund

32.3.1 Income distributions

Accumulations and distributions of income ('distributions') comprise income for UK tax purposes.

UK resident individuals and (the trustees of) certain trusts liable to UK income tax will be taxable on accumulations and distributions of income.

From 6 April 2017, additional rate taxpayers are required to pay tax at 38.1% on their distributions while the rate for higher rate taxpayers is 32.5% and for basic rate taxpayers it is 7.5%. Individuals with a net adjusted income of £100,000 will also have their personal allowances reduced £1 for every £2 on the income above this limit. The personal allowance will be reduced to nil above an income level of approximately £123,000. These limits may change in the future.

Distributions to Shareholders within the charge to corporation tax are deemed to comprise two elements:

- (a) where an Equity Sub-Fund's gross income is not wholly derived from UK dividend income, part of any distribution will be deemed to be reclassified as an annual payment received by such Shareholders after deduction of income tax at the basic rate, currently 20% ("deemed tax deducted"). Such Shareholders will be subject to corporation tax on the grossed-up amount of the annual payments but will be entitled to the repayable deemed tax deducted; and
- (b) the remainder, is exempt from UK corporation tax.

Details of the proportions of distributions comprising exempt income and annual payments will be shown on the tax voucher of the Equity Sub-Fund concerned.

These rules do not apply or are modified in relation to life insurance companies, in particular those with pensions and ISA business, life reinsurance business or overseas life assurance business.

32.3.2 Capital gains

Shareholders who are resident in the UK may be liable to UK taxation on capital gains arising from the sale or other disposal, including redemption, of Shares. Individuals and certain trusts generally compute their gains by deducting from the net sale proceeds the capital gains base cost in respect of Shares. The resulting gains will be taxable at the capital gains tax rate, and may be reduced by capital losses brought forward from previous tax years or losses in the year, and by annual exemptions. Exempt Shareholders, which include UK charities, UK approved pension trusts, ISAs (and their individual investors), would not normally be liable to capital gains tax on their disposal of Shares.

Shareholders within the charge to corporation tax are taxed on the capital gain made computed on the basis of the rules described above. They are, however, entitled to indexation allowance on the basic cost to the date of disposal. In certain cases, the "loan relationships" provisions mentioned below in relation to Bond Sub-Funds could apply.

Special rules apply to life insurance companies who beneficially own shares.

32.3.3 Inheritance tax

A gift by shareholders of his shareholdings in the Company or the death of Shareholders may give rise to a liability to inheritance tax, except where the Shareholders is neither domiciled in the UK, nor deemed to be domiciled there under special rules relating to long residence or previous domicile in the UK. For these purposes, a transfer of a Shareholding at less than the full market value may be treated as a gift.

32.4 Taxation of a Shareholder - Bond Sub-Fund

32.4.1 Income Distributions: Interest Distributions

Accumulations and distributions of income ('distributions') comprise income for UK tax purposes. Shareholders will be taxable on the amount distributed. Additional rate taxpayers will be liable to income tax on their distributions at 45%, higher rate taxpayers at 40% (after their £500 personal savings allowance

has been exhausted) and basic rate taxpayers at 20% (after their £1,000 personal savings allowance has been exhausted). There is also a 0% starting rate band for savings income of up to £5,000 for those investors who qualify for it.

32.4.2 Capital gains

Shareholders who are resident in the UK may be liable to UK taxation on capital gains arising from the sale or other disposal, including redemption, of shares. Individuals and certain trusts generally compute their gains by deducting from the net sale proceeds the capital gains base cost in respect of shares and will be taxable at the capital gains tax. The gain may be reduced by capital losses brought forward from previous tax years or losses in the year, and by annual exemptions. Exempt shareholders, which include UK charities, UK approved pension funds, ISAs (and their individual investors), would not normally be expected to be liable to capital gains tax on their disposal of shares.

In respect of shareholders subject to corporation tax, holdings in a Sub-fund will be treated as holdings of loan relationships and recognised using a fair value basis of accounting (which entails movements in the value of the holdings being brought into account in each accounting period as loan relationship credits or debits). No indexation allowance or taper relief is available.

32.4.3 Inheritance tax

A gift by a Shareholders of his shareholding in the Company or the death of a Shareholders may give rise to a liability to inheritance tax, except where the Shareholders is neither domiciled in the UK, nor deemed to be domiciled there under special rules relating to long residence or previous domicile in the UK. For these purposes, a transfer of a Shareholding at less than the full market value may be treated as a gift.

32.5 Stamp duty reserve tax

On 30 March 2014, Schedule 19 Stamp Duty Reserve Tax (SDRT) ceased to be chargeable on dealings in shares an OEIC. As such, the provisions relating to SDRT no longer apply. However, investors should note that should SDRT or a similar tax relating to dealings on shares in OEICs be reintroduced in the future, all such costs will be paid out of the Sub-fund's Scheme Property and charged to capital.

However it should be noted that in the unlikely event of either of;

- (a) third party transfer of shares or
- (b) non-pro rata in specie redemptions, occurring within the Sub-fund, SDRT may still be triggered and where applicable be charged to the investor".

32.6 Automatic Exchange of Financial Account Information

32.6.1 US Foreign Account Tax Compliance Act (FATCA)

The US Foreign Account Tax Compliance Act (FATCA) is designed to help the Internal Revenue Service (the IRS) combat US tax evasion. It requires financial institutions, such as the Fund (or the Sub-Fund(s)), to report on US investors or

US holdings, whether or not this is relevant. Failure to comply (or be deemed compliant) with these requirements will subject the Fund (or a Sub-Fund) to US withholding taxes on certain US-sourced income and gains. Under an intergovernmental agreement between the US and the United Kingdom, the Fund (or each Sub-Fund) may be deemed compliant, and therefore not subject to the withholding tax, if it identifies and reports US taxpayer information directly to HMRC.

Shareholders may be asked to provide additional information to the ACD to enable the Fund (or each Sub-Fund) to satisfy these obligations. Institutional Shareholders may be required to provide a Global Intermediary Identifications Number (GIIN). Failure to provide requested information may subject a Shareholder to liability for any resulting US withholding taxes, US tax information reporting and/or mandatory redemption, transfer or other termination of the Shareholder's interest in its shares. The Global Intermediary Identification Number for each Sub-Fund is available on request

32.6.2 Common Reporting Standard

The Common Reporting Standard (CRS) is the reporting standard approved and developed by the Organisation of Economic Co-operation and Development (OECD) in 2014, and came into force with effect from 1st January 2016. This requires financial institutions such as the Fund (or the Sub-Fund(s)), to report non-UK resident investors, other than US Persons, to other agreed jurisdictions on an annual basis. The objective of this reporting is the same as the FATCA regulations but on a worldwide basis and is based on Residency rather than citizenship as with the US model, and will encompass natural persons and legal entities.

33 INCOME EQUALISATION

33.1 Income equalisation, as explained below, may apply in relation to certain Sub-funds in the Company, as detailed in Appendix 1.

33.2 Part of the purchase price of a share reflects the relevant share of accrued income received or to be received by the Company. This capital sum is returned to a shareholder with the first allocation of income in respect of a share issued during an accounting period.

33.3 The amount of income equalisation is either;

- (a) the actual amount of income included in the issue price of that share; or
- (b) is calculated by dividing the aggregate of the amounts of income included in the price of shares issued or sold to shareholders in an annual or interim accounting period by the number of those shares and applying the resultant average to each of the shares in question.

The ACD currently uses the method outlined in (b) in paragraph 32.3 to apply income equalisation.

34 WINDING UP OF THE COMPANY OR A SUB-FUND OF THE COMPANY

34.1 The Company shall not be wound up except as an unregistered company under Part V of the Insolvency Act 1986 or under the FCA Regulations. A Sub-fund may only be wound up under the FCA Regulations.

34.2 Where the Company or a Sub-fund are to be wound up under the FCA Regulations, such winding up may only be commenced following approval by the FCA. The FCA may only give such approval if the ACD provides a statement (following an investigation into the affairs of the Company) either that the Company will be able to meet its liabilities within 12 months of the date of the statement or that the Company will be unable to do so. The Company may not be wound up under the FCA Regulations if there is a vacancy in the position of ACD at the relevant time.

34.3 The Company or a Sub-fund may be wound up under the FCA Regulations if:

- (a) an extraordinary resolution to that effect is passed by shareholders; or
- (b) the period (if any) fixed for the duration of the Company or a particular Sub-fund by the Instrument of Incorporation expires, or an event (if any) occurs on the occurrence of which the Instrument of Incorporation provides that the Company or a particular Sub-fund is to be wound up (for example, if the share capital of the Company is below its prescribed minimum or (in relation to any Sub-fund) the Net Asset Value of the Sub-fund is less than £1,000,000, or if a change in the laws or regulations of any country means that, in the ACD's opinion, it is desirable to terminate the Sub-fund); or
- (c) on the date of effect stated in any agreement by the FCA to a request by the ACD for the revocation of the authorisation order in respect of the Company or the Sub-fund;

34.4 On the occurrence of any of the above:

- (a) FCA Regulations 6.2 (Dealing), 6.3 (Valuation and Pricing) and 5 (Investment and Borrowing Powers) will cease to apply to the Company or the Shares and Scheme Property in the relevant Sub-fund;
- (b) The Company will cease to issue and cancel shares in the Company or the Sub-fund and the ACD shall cease to sell or redeem shares or arrange for the Company to issue or cancel them for the Company or the Sub-fund;
- (c) No transfer of a share shall be registered and no other change to the register shall be made without the sanction of the ACD;
- (d) Where the Company is being wound up, the Company shall cease to carry on its business except in so far as it is beneficial for the winding up of the Company;
- (e) The corporate status and powers of the Company and, subject to the provisions of paragraphs 33.4(a) and 33.4(d) above, the powers of the ACD shall remain until the Company is dissolved.

The ACD shall, as soon as practicable after the Company or the Sub-fund falls to be wound up, realise the assets and meet the liabilities of the Company or the

Sub-fund and, after paying out or retaining adequate provision for all liabilities properly payable and retaining provision for the costs of winding up, arrange for the Depositary to make one or more interim distributions out of the proceeds remaining (if any) to shareholders proportionately to their rights to participate in the Scheme Property of the Company or the Sub-fund. When the ACD has caused all of the Scheme Property to be realised and all of the liabilities of the Company or the Sub-fund to be realised, the ACD shall arrange for the Depositary to also make a final distribution to shareholders (if any Scheme Property remains to be distributed) on or prior to the date on which the final account is sent to shareholders of any balance remaining in proportion to their holdings in the Company or the Sub-fund.

As soon as reasonably practicable after completion of the winding up of the Company or the Sub-fund, the ACD shall notify the FCA.

On completion of a winding up of the Company, the Company will be dissolved and any money (including unclaimed distributions) standing to the account of the Company, will be paid into court within one month of dissolution.

Following the completion of the winding up of the Company, the ACD shall notify the Registrar of Companies and shall notify the FCA that it has done so.

Following the completion of a winding up of either the Company or a Sub-fund, the ACD must prepare a final account showing how the winding up took place and how the Scheme Property was distributed. The auditors of the Company shall make a report in respect of the final account stating their opinion as to whether the final account has been properly prepared. This final account and the auditors' report must be sent to the FCA, to each shareholder and, in the case of the winding up of the Company, to the Registrar of Companies within four months of the termination of the winding up.

As the Company is an umbrella scheme, any liabilities attributable or allocated to a Sub-fund under the FCA Regulations shall be met first out of the Scheme Property attributable or allocated to that Sub-fund.

If the liabilities of a Sub-fund are greater than the proceeds of the realisation of the Scheme Property attributable or allocated to the Sub-fund, the deficit shall be met out of the Scheme Property attributable or allocated to Sub-funds in respect of which the proceeds of realisation exceed liabilities and will be divided between the Sub-funds in a manner which is fair to shareholders in those Sub-funds.

35 GENERAL INFORMATION

35.1 Accounting Periods

The annual accounting period of the Company ends each year on 30 November (the accounting reference date). The annual accounting period of the Company will end each year on 30 November (the accounting reference date) and the interim accounting period of the Company will end each year on 31 May.

35.2 Income Allocations

Allocations of income are made in respect of the income available for allocation in each accounting period.

Distributions of income in respect of Income Shares for each Sub-fund are paid by BACS or telegraphic transfer on or before the annual income allocation date of 31 March and on or before the interim allocation date of 31 July in each year.

If a distribution remains unclaimed for a period of six years after it has become due, it will be forfeited and will revert to the Company.

The amount available for distribution in any accounting period is calculated by taking the aggregate of the income received or receivable for the account of the relevant Sub-fund in respect of that period, and deducting the charges and expenses of the relevant Sub-fund paid or payable out of income in respect of that accounting period. The ACD then makes such other adjustments as it considers appropriate (and after consulting the auditors as appropriate) in relation to taxation, income equalisation, income unlikely to be received within 12 months following the relevant income allocation date, income which should not be accounted for on an accrual basis because of lack of information as to how it accrues, transfers between the income and capital account and any other adjustments which the ACD considers appropriate after consulting the auditors. The ACD does not normally adjust distributions in order to smooth the amount of interim and final distributions within any particular accounting period.

Income will be distributed as a dividend payment where the Sub-fund is deemed to be an Equity Sub-fund or as an interest payment where the Sub-fund is deemed to be a Bond Sub-fund over the relevant accounting period. The treatment of income anticipated by the ACD is given in Appendix 1, although Shareholders are advised the treatment of income will depend on the composition of assets over the accounting period. Income can only be distributed as an interest payment if the Sub-fund has held the minimum Qualifying Investments over the accounting period (see Taxation for further details). Details of the treatment of income for taxation purposes over an accounting period will be given in a tax voucher sent to all Shareholders when the income is allocated.

35.3 Annual Reports

An Annual report of the Company will be published within four months of each annual accounting period and a half-yearly report will be published within two months of each interim accounting period. Long reports will be available upon request.

35.4 Documents of the Company

The following documents may be inspected free of charge between 9.00 a.m. and 5.00 p.m. every business day at the offices of the ACD at 25 Moorgate, London EC2R 6AY and are also available on request to any shareholder free of charge.

- (a) the most recent annual and half-yearly long reports of the Company; and
- (b) the Instrument of Incorporation (and any amending Instrument of Incorporation); and

(c) the Prospectus.

The ACD may make a charge at its discretion for copies of the Instrument of Incorporation.

Copies of the ACD agreement or any contract of service between the Company and its directors can be obtained free of charge on request from the ACD.

35.5 Notices

Notices and other documents will be sent to the shareholders' registered addresses.

35.6 Complaints

Complaints concerning the operation or marketing of the Company should be referred to the Compliance Officer of the ACD at 25 Moorgate, London EC2R 6AY in the first instance. If the complaint is not dealt with satisfactorily then it can be made direct to The Financial Services Ombudsman at South Quay Plaza, 183 Marsh Wall, London E14 9SR, telephone number 0845 080 1800.

A copy of the ACD's complaints handling procedure is available on request.

Making a complaint will not prejudice your rights to commence legal proceedings.

Further information regarding any compensation scheme or any other investor-compensation scheme of which the ACD or any Sub-fund is a member (including, if relevant, membership through a branch) or any alternative arrangement provided, are also available on request.

35.7 Telephone Recording

Please note that the ACD may record telephone calls for training and monitoring purposes and to confirm investors' instructions. Recordings will be provided on request for a period of at least five years from the date of such recording, or, where requested by a competent regulatory authority, for a period of seven years, where the ACD can identify the call. If you ask the ACD to send you a recording of a particular call, the ACD may ask for further information to help identify the exact call to which your request relates.

35.8 Compensation

Under the Financial Services Compensation Scheme (FSCS), in the event of firm default your investment is protected up to the value of £50,000 per person per firm.

35.9 Best Execution

The ACD must act in the best interests of each Sub-fund when executing decisions to deal on behalf of the relevant Sub-fund. The ACD's order execution policy sets out the (i) systems and controls that have been put in place and (ii)

the factors which the ACD expects the Investment Manager to consider when effecting transactions and placing orders in relation to the Sub-funds. This policy has been developed in accordance with the ACD's obligations under the Regulations to obtain the best possible result for the Company. Details of the order execution policy are available from the ACD on request. If you have any questions regarding the policy please contact the ACD or your professional adviser.

35.10 Inducements and Soft Commission

When executing orders, or placing orders with other entities for execution, that relate to financial instruments for, or on behalf of, the Sub-funds, an Investment Manager or the ACD (as relevant) will not accept and retain any fees, commissions or monetary benefits; or accept any non-monetary benefits, where these are paid or provided by any third party or a person acting on behalf of a third party.

The Investment Manager or ACD will return to each relevant Sub-fund as soon as reasonably possible after receipt any fees, commissions or any monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the services provided to that Sub-fund, and disclose in the annual report the fees, commissions or any monetary benefits transferred to them.

However, the Investment Manager or ACD may accept without disclosure minor non-monetary benefits that are capable of enhancing the quality of service provided to the Sub-fund; and of a scale and nature such that they could not be judged to impair their compliance with its duty to act honestly, fairly and professionally in the best interests of each Sub-fund.

APPENDIX 1

INVESTMENT OBJECTIVES, POLICIES AND OTHER DETAILS OF THE SUB-FUNDS

Investment of the assets of each of the Sub-funds must comply with the FCA Regulations and its own investment objective and policy. Details of each Sub-fund's investment objective and policy are set out overleaf together with other information including available Share Classes, charges, minimum investment levels and distribution dates. A detailed statement of the investment and borrowing restrictions applicable to the Company is contained in Appendix 2. A list of the eligible securities and derivatives markets on which the Sub-funds may invest is contained in Appendix 4 and 5.

In Appendix 1, information is given regarding the ongoing charges figure (OCF) in respect of each Fund. The OCF provides investors with a clearer picture of the total annual costs in running a collective investment scheme and is based on the previous year's expenses. The figure may vary from year to year and it excludes the costs of buying or selling assets for the Fund (but includes transaction charges incurred by investing in any other collective investment schemes). Where there is not enough historic data available, or when historic data will not provide a reliable indication of future costs, an estimated OCF will be calculated based on the most reliable information available (OCF (Estimated)).

SMITH & WILLIAMSON MM GLOBAL INVESTMENT FUND

Investment Objective

The objective of the Fund is to achieve a long term capital growth, together with the generation of some income, primarily from a portfolio of shares in United Kingdom close-ended investment trust companies ("Investment Trusts") and other closed-ended investment companies listed on global exchanges in Recognised Markets. The Fund may also invest in transferable securities, money market instruments, deposits, collective investment schemes and warrants.

Investment Policy

The investment policy of the Fund is to invest in a spread of close-ended funds which themselves invest in a variety of countries and sectors, especially where their prospects are deemed to be good, or where there is a discount of the share price to the net asset value of the relevant Investment Trust. The majority of the portfolio will be primarily invested in close-ended funds whose shares are listed on the London Stock Exchange, but it may also be invested in close-ended funds whose shares are listed on global exchanges in Recognised Markets.

Derivative and forward transactions may be used by the Fund solely for the purposes of Efficient Portfolio Management.

Charges taken from Income or Capital?	Charges (other than those resulting directly from the purchase or sale of investments) will be taken equally from capital and income which may constrain capital growth. If at the end of an accounting period there is insufficient income the shortfall may be allocated to capital.
Income to be distributed as a dividend or interest?	The Sub-fund may distribute income in the form of a dividend or interest depending on the composition of the assets held over the accounting period.

Risk Warning

The share prices of Investment Trusts and close-ended investment companies typically stand at a discount to their net asset value per share. Such discounts may persist for long periods and/or widen.

The Fund's share price, being calculated on the basis of the Net Asset Value per Share, will reflect the current market value of the shares of the Investment Trusts and close-ended investment companies in which the Fund invests. The shares of certain Investment Trusts and close-ended investment companies in which the Fund invests may be valued in a market at a premium to their own net asset value per share. In such cases the share price of such Investment Trusts and/or close-ended investment companies may eventually decline to a discount of their net asset value per share.

Investment Trusts and close-ended investment companies may borrow or otherwise leverage their exposure to their investments. Investments in such companies will tend to have more volatile results than investment in companies without gearing.

Investor Profile

Whether an investment in the Fund is appropriate for you will depend on your own requirements and attitude to risk. The Fund is designed for investors of any category, including retail investors, who:

- Want to achieve long term capital growth through investing primarily in closed-ended investment companies using the expertise of the Investment Manager,
- Can meet the minimum investment levels,
- Are able to commit to a long term investment in the Fund and take the risk of losing part or all of their investment capital, and
- Who understand and are willing to take the risks involved in investing in the Fund (as detailed under "Risk Factors").

If you have any doubts as to whether the investment is suitable for you, please contact a financial adviser.

SMITH & WILLIAMSON GLOBAL GOLD & RESOURCES FUND

Investment Objective

The Fund aims to achieve long-term capital growth by investing primarily in the shares of gold mining companies, precious metal related companies and resources based companies. The Fund may also invest in gold bullion shares, other transferable securities, money market instruments, deposits, collective investment schemes and warrants.

Investment Policy

The Fund may also invest in equities listed on Recognised Markets. The Fund will typically be fully invested in a spread of equities principally within the gold and precious metal industry. From time to time, depending on market conditions, the Fund may invest in other transferable securities, money market instruments, deposits, collective investment schemes, derivatives and warrants.

Derivative and forward transactions may be used by the Fund solely for the purposes of Hedging.

SMITH & WILLIAMSON ORIENTAL GROWTH FUND

Investment Objective

The Fund aims to achieve long-term capital growth through investment in the markets of the Asia and Pacific region, excluding Japan but including Australasia.

Investment Policy

The Fund will invest in companies quoted on the stock exchanges of the Asia and Pacific Basin region, excluding Japan but including Australasia, that the Investment Manager believes will become market leaders of the future. From time to time, depending on market conditions, the Fund may invest in other transferable securities, money market instruments, deposits, collective investment schemes and warrants.

Derivative and forward transactions may be used by the Fund solely for the purposes of Hedging.

APPENDIX 2

Investment and borrowing powers of the Company

These restrictions apply to the Company.

1 Investment restrictions

The property of each Sub-fund of the Company will be invested with the aim of achieving the investment objective of that Sub-fund but subject to the limits on investment set out in the FCA Regulations and the Sub-fund's investment policy. These limits apply to each Sub-fund as summarised below.

Generally the Company will invest in the instruments to which it is dedicated including approved securities which are transferable securities admitted to or dealt on a regulated market or a market in an EEA State which is regulated, operates regularly and is open to the public, units in collective investment schemes, warrants, money market instruments, deposits and derivatives and forward transactions.

Eligible markets are regulated markets or markets established in an EEA State which are regulated, operate regularly and are open to the public; and markets which the ACD, after consultation with the Depositary, has decided are appropriate for the purpose of investment of or dealing in the property of the Company having regard to the relevant criteria in the FCA Regulations and guidance from the FCA. Such markets must operate regularly, be regulated, recognised, open to the public, adequately liquid and have arrangements for unimpeded transmission of income and capital to the order of the investors. The eligible securities and derivatives markets for each Sub-fund of the Company are set out in Appendix 4 and 5.

New eligible securities markets may be added to the existing list if the ACD, after consultation with and notification to the Depositary decides that the market is appropriate for investment of, or dealing in, the Scheme Property and has revised the prospectus to reflect the intended change and the date of its commencement.

2 Transferable securities

Up to 10% of the value of each Sub-fund may be invested in transferable securities which are not approved securities.

Up to 5% of a Sub-fund may be invested in transferable securities other than Government and public securities and money market instruments issued by any one issuer. However, up to 10% in value of a Sub-fund may be invested in those securities and instruments (or certificates representing those securities) issued by the same issuer if the value of all such holdings combined does not exceed 40% of the value of the property of a Sub-fund. Up to 20% in value of the scheme property of a Sub-fund can consist of transferable securities or money market instruments issued by the same group (being companies included in the same group for the purposes of consolidated accounts as defined in accordance with Directive 83/349/EC or in the same group in accordance with international accounting standards).

Up to 35% of the scheme property of a Sub-fund may be invested in Government and public securities issued or guaranteed by any one issuer. Subject to this restriction, there is no limit on the amount of the scheme property of a Sub-fund which may be invested in Government and public securities or such securities issued by any one issuer or of any one issue.

Notwithstanding the foregoing and except where the investment policy of any Sub-fund is inconsistent with this, up to 100% of the scheme property of each Sub-fund may be invested in Government and Public securities issued by or on behalf of or guaranteed by a single named issuer which may be one of the following: the Government of the United Kingdom and Northern Ireland, the governments of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Portugal, Spain and Sweden and the governments of Australia, Canada, Japan, New Zealand, Norway, Switzerland and the United States of America.

If more than 35% in value of the scheme property of a Sub-fund is invested in Government and other public securities issued by any one issuer, no more than 30% in value of the scheme property of the Sub-fund may consist of such securities of any one issue and the scheme property must include at least six different issues whether of that issuer or another issuer.

3 Collective Investment Schemes

3.1 Up to 10% in value of the property of each Sub-fund may be invested in units in other collective investment schemes (hereafter a second scheme) although not more than 20% in value of the Scheme Property of each Sub-fund is to consist of the units of any one second scheme. No more than 30% of the value of the Sub-Fund may be invested in second schemes under 3.2 (a) to (g).

3.2 The second scheme must fall within one of the following categories:

- (a) satisfy the conditions necessary for it to enjoy the rights conferred by the UCITS Directive (Directive 2001/108/EEC, as amended);
- (b) be a recognised scheme under the provisions of Section 272 of the Act;
- (c) be authorised as a non-UCITS retail scheme provided it complies with the requirements of Article 50(1)(e) of the UCITS Directive;
- (d) the scheme is authorised in another EEA state provided it complies with the requirements of Article 50(1)(e) of the UCITS Directive; or
- (e) the scheme is authorised by the competent authority of an OECD member country (other than another EEA state) which has:
 - (i) signed the IOSCO Multilateral Memorandum of Understanding; and
 - (ii) approved the scheme's management company, rules and depositary/custody arrangements,
 - (iii) provided the requirements of Article 50(1)(e) of the UCITS Directive are met;

(iv) and the second scheme satisfies the requirements in (f) and (g) below:

- (f) it complies with certain restrictions set out in the FCA Regulations including restrictions designated to avoid double charging;
- (g) it is a scheme which has terms which prohibit more than 10% in value of the scheme property consisting of units in collective investment schemes, where the second scheme is an umbrella these provisions apply to each sub fund as if it were a separate scheme.

If a substantial proportion of a Sub-fund's assets are invested in other collective investment schemes, the maximum level of management fees that may be charged by an investee collective investment scheme to the Company will be 5%.

Each Sub-fund may invest in and hold units of Second Schemes operated by the ACD or an associate of the ACD (an "Associated Scheme") provided that each Sub-fund complies with COLL 5.2.16 in that where there is a charge associated with the investment in an Associated Scheme, the ACD must pay to the Sub-fund (within four business days of the agreement to invest) the amount by which the consideration paid for the units in the Associated Scheme exceeds the price payable to the Associated Scheme had it issued new units or sold units (or if this is not determinable, the maximum amount a seller of units in the Associated Scheme may charge). In the case of a disposal of units in an Associated Scheme, the ACD must pay to the Sub-fund any sums received by the ACD of the Associated Scheme on account of the disposal within four business days of the disposal.

4 Warrants and nil and partly paid securities

Up to 100% in value of the scheme property of a Sub-fund (although, currently, only 5% for the Smith & Williamson MM Global Investment Fund and Smith & Williamson Global Gold & Resources Fund) may consist of warrants (which may at times make the portfolio composition of a Sub-fund highly volatile), provided that warrants may only be held if it is reasonably foreseeable that there will be no change to the scheme property between the acquisition of the warrant and its exercise and the rights conferred by the proposed warrant and all other warrants forming part of the scheme property at the time of the acquisition of the proposed warrant will be exercised and that the exercise of the rights conferred by the warrants will not contravene the FCA Regulations. Investors in the Smith & Williamson MM Global Investment Fund and Smith & Williamson Global Gold & Resources Fund will be given 60 days' notice of any intention to increase the 5% limit on investment in warrants, which change would require those sub-funds to have a valuation point every business day.

Securities on which any sum is unpaid may be held provided that it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by the Sub-fund at any time when the payment is required without contravening the FCA Regulations.

A warrant that is an investment falling within article 80 of the Regulated Activities Order (Certificates representing certain securities) and which is akin to an investment falling within article 79 (Instruments giving entitlement to

investments) of the Regulated Activities Order may not be included in the scheme property unless it is listed on an eligible securities market.

5 Money market instruments

Up to 100% in value of the scheme property of a Sub-Fund can consist of money market instruments, which are normally dealt in on the money market, are liquid and whose value can be accurately determined at any time provided the money market instrument is listed on or normally dealt on an eligible market; or is issued or guaranteed by one of the following: the government of the United Kingdom and Northern Ireland, the governments of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Portugal, Spain and Sweden and the governments of Australia, Canada, Japan, New Zealand, Norway, Switzerland and the United States of America; or issued by a body, any securities of which are dealt in on an eligible market; or issued or guaranteed by an establishment subject to prudential supervision in accordance with criteria defined by Community law or by an establishment which is subject to and complies with prudential rules considered by the FCA to be at least as stringent as those laid down by Community law.

Notwithstanding the above up to 10% of the scheme property of a Sub-Fund may be invested in money market instruments which do not meet these criteria.

5.1 Deposits

Up to 20% in value of the scheme property of a Sub-Fund can consist of deposits with a single body. A Sub-Fund may only invest in deposits with an approved bank and which are repayable on demand, or have the right to be withdrawn, and maturing in no more than 12 months.

6 Efficient Portfolio Management

The Company may also utilise the Scheme Property to enter into transactions for the purposes of Efficient Portfolio Management (“EPM”). Permitted EPM transactions (excluding stock lending arrangements) are transactions in derivatives e.g. to hedge against price or currency fluctuations, dealt with or traded on an eligible derivatives market; off-exchange options or contracts for differences resembling options; or synthetic futures in certain circumstances. The ACD must take reasonable care to ensure that the transaction is economically appropriate to the reduction of the relevant risks (whether in the price of investments, interest rates or exchange rates) or to the reduction of the relevant costs and/or to the generation of additional capital or income with a risk level which is consistent with the risk profile of the Company and the risk diversification rules laid down in the FCA Regulations. The exposure must be fully “covered” by cash and/or other property sufficient to meet any obligation to pay or deliver that could arise.

Permitted transactions are those that the Company reasonably regards as economically appropriate to EPM, that is:

- (a) Transactions undertaken to reduce risk or cost in terms of fluctuations in prices, interest rates or exchange rates where the ACD reasonably believes that the transaction will diminish a risk or cost of a kind or level which it is sensible to reduce; or

- (b) Transactions for the generation of additional capital growth or income for the Company by taking advantage of gains which the ACD reasonably believes are certain to be made (or certain, barring events which are not reasonably foreseeable) as a result of:
 - (i) pricing imperfections in the market as regards the property which the Company holds or may hold; or
 - (ii) receiving a premium for the writing of a covered call option or a cash covered put option on property of the Company which the Company is willing to buy or sell at the exercise price, or
 - (iii) stock lending arrangements.

A permitted arrangement in this context may at any time be closed out.

Transactions may take the form of “derivatives transactions” (that is, transactions in options, futures or contracts for differences) or forward currency transactions. A derivatives transaction must either be in a derivative which is traded or dealt in on an eligible derivatives market (and effected in accordance with the rules of that market), or be an off-exchange derivative which complies with the relevant conditions set out in the FCA Regulations, or be a “synthetic future” (i.e. a composite derivative created out of two separate options). Forward currency transactions must be entered into with counterparties who satisfy the FCA Regulations. A permitted transaction may at any time be closed out.

7 Derivatives and forward transactions

- 7.1 Derivative and forward transactions may be used for the purposes of Hedging. In pursuing the Company's objective the ACD may make use of a variety of derivative instruments in accordance with the FCA Regulations. Where derivatives are used for Hedging or in accordance with Efficient Portfolio Management techniques then this will not compromise the risk profile of the Company. Use of derivatives will not contravene any relevant investment objectives or limits.
- 7.2 Except as set out in 7.2.7 below there is no upper limit on the use of transactions in derivatives or forward transaction for the Company but they must fall under 7.2.1.
- 7.2.1 A transaction in a derivative or forward transaction must:
 - (a) be an approved derivative; or
 - (b) an OTC be in a future, an option or a contract for differences which must be entered into with a counterparty that is acceptable in accordance with the FCA Regulations, must be on approved terms as to valuation and close out and must be capable of valuation.
- 7.2.1.1 have the underlying consisting of any or all of the following to which the Company is dedicated:

- (i) transferable securities;
- (ii) permitted money market instruments;
- (iii) permitted deposits;
- (iv) permitted derivatives;
- (v) permitted collective investment scheme units;
- (vi) financial indices;
- (vii) interest rates;
- (viii) foreign exchange rates; and
- (ix) currencies.

- 7.2.1.2 be effected on or under the rules of an eligible derivatives market, it must not cause the Company to diverge from its investment objective, must not be entered into if the intended effect is to create the potential for an uncovered sale of one or more transferable securities, money market instruments, units in collective investment schemes, or derivatives and must be with an approved counterparty.

Use of derivatives must be supported by a risk management process maintained by the ACD which should take account of the investment objective and policy of the Company.

- 7.2.2 A transaction in derivatives or forward transaction is to be entered into only if the maximum exposure, in terms of the principal or notional principal created by the transaction to which the scheme is or may be committed by another person is covered under 7.2.3
- 7.2.3 Exposure is covered if adequate cover from within the scheme property for the Company is available to meet its total exposure, taking into account the initial outlay, the value of the underlying assets, any reasonably foreseeable market movement, counterparty risk, and the time available to liquidate any positions.
- 7.2.4 Cash not yet received into the scheme property of the Company, but due to be received within one month, is available as cover for the purposes of 7.2.3.
- 7.2.5 Property the subject of a Stock lending transaction is only available for cover if the ACD has taken reasonable care to determine that it is obtainable (by return or re-acquisition) in time to meet the obligation for which cover is required.
- 7.2.6 The exposure relating to derivatives held in the Company may not exceed the net value of its scheme property.
- 7.2.7 The exposure to any one counterparty in an OTC derivative transaction must not exceed 5% in value of the scheme property of the Company. This limit is raised to 10% where the counterparty is an approved bank. Counterparty risk exposure can be reduced by the Company receiving collateral from the counterparty. Collateral will be managed in accordance with FCA Regulations and Guidelines

issued from time to time by the European Securities and Markets Authority. A Collateral Management Policy will be implemented by the ACD before the Company enters into any transactions which require it to hold collateral from a counterparty.

- 7.2.8 The use of derivatives or forwards for the purposes of Efficient Portfolio Management will not materially alter the risk profile of the Sub-fund. The use of these techniques and instruments will only be employed where the ACD and the Investment Manager consider these to be in line with the best interests of the Sub-fund.

8 Combinations of Investments

In applying the limits in 3, 5.1 and 7.2.7 not more than 20% in value of the scheme property is to consist of any combination of two or more of the following:

- (a) transferable securities or money market instruments issued by; or
- (b) deposits made with; or
- (c) exposures from OTC derivative transactions made with; a single body.

9 Concentration

- 9.1 The Company must not hold more than:

- (a) 10 % of the transferable securities issued by a body corporate which do not carry rights to vote on any matter at a general meeting of that body; or
- (b) 10% of the debt securities issued by any one issuer; or
- (c) 10% of the money market instruments issued by a single body; or
- (d) 25% of the units in a collective investment scheme.

- 9.2 The Company may only acquire transferable securities issued by a body corporate carrying rights to vote at a general meeting of that body provided that before the acquisition the aggregate number of such securities held by the Company does not allow it to exercise 20% or more of the votes cast at a general meeting of that body and the acquisition will not give the Company such power.

10 General

Underwriting and sub-underwriting contracts and placings may also, subject to certain conditions set out in the FCA Regulations, be entered into for the account of the Company.

Cash or near cash must not be retained in the scheme property of a Sub-fund except in order to enable the pursuit of that Sub-fund's investment objective; or for redemption of shares in that Sub-fund; or efficient management of the Sub-fund in accordance with its investment objective or for a purpose which may

reasonably be regarded as ancillary to the investment objective of that Sub-fund.

11 Stock lending

The Company may not enter into stock lending transactions.

12 Borrowing powers

The Company may, subject to the FCA Regulations, borrow money from an eligible institution or an approved bank for the use of the Company on the terms that the borrowing is to be repayable out of the scheme property.

Borrowing must be on a temporary basis and must not be persistent and in any event must not exceed three months without the prior consent of the Depositary, which may be given only on such conditions as appear appropriate to the Depositary to ensure that the borrowing does not cease to be on a temporary basis.

The ACD must ensure that borrowing does not, on any business day, exceed 10% of the value of the scheme property of a Sub-fund.

These borrowing restrictions do not apply to “back to back” borrowing to be cover for transactions in derivatives and forward transactions.
